

The request also states that the regulatory restriction placed on the operation of a facility under Section 311(a) of the NGPA prohibits El Paso's shippers from utilizing this delivery point under any transportation arrangement other than a Subpart B transportation arrangement. In view of this limited service flexibility, El Paso believes that certification of expanded service arrangements at the J.L. Hinson Tap Delivery Point, located in Lamb County, Texas pursuant to Section 157.212 of the Commission's Regulations is necessary and in the public interest.

El Paso states that expanded service arrangements from two LDC's at the existing J.L. Hinson Tap Delivery Point under the NGA is not prohibited by El Paso's existing Volume No. 1-A FERC Gas Tariff. El Paso further states that it has sufficient capacity to accomplish the deliveries of the requested gas volumes without detriment or disadvantage to El Paso's other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

KO Transmission Company; Notice of Tariff Filing

October 14, 1998.

Take notice that on October 9, 1998, KO Transmission Company (KO Transmission) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, the following tariff sheet with a proposed effective date of November 2, 1998:

Second Revised Sheet No. 32

First Revised Sheet No. 34
Second Revised Sheet No. 92
Second Revised Sheet No. 94
Second Revised Sheet No. 96
Second Revised Sheet No. 98
Second Revised Sheet No. 33
Second Revised Sheet No. 91
Second Revised Sheet No. 93
Second Revised Sheet No. 95
Second Revised Sheet No. 97
Third Revised Sheet No. 147

KO Transmission tendered this tariff filing as required by the Commission's directive in Order No. 587-H, issued July 15, 1998, wherein the Commission amended Section 284.10 of its regulations governing standards for conducting business practices. The revised tariff sheets implement certain standards governing intra-day nominations, as well as revisions to nomination and confirmation procedures. KO Transmission requests waiver of Section 154.207 of the Commission's regulations requiring thirty days notice of a tariff filing. KO Transmission and Columbia Gas Transmission Corporation (Columbia) jointly own certain pipeline facilities and KO Transmission seeks to conform to the tariff procedures proposed by Columbia in its September 29, 1998 filing to implement these GISB standards. The small delay associated with KO Transmission's filing is a product of that effort.

KO Transmission states that copies of this filing were served to all of its customers.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings.

Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
