[Docket No. CP99-30-000]

Transcontinental Gas Pipe Line Corporation; Notice of Request Under Blanket Authorization

October 21, 1998.

Take notice that on October 21, 1998, Transcontinental Pipe Line Corporation (Applicant), P.O. Box 1396, Houston, Texas, 77251, filed in Docket No. CP99-30-000 a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.212) for approval to construct two new delivery taps located in Lincoln County, North Carolina for service to Piedmont Natural Gas Company (Piedmont), under Applicant's blanket certificate issued in Docket No. CP82-426-000, pursuant to Section 7(c) of the Natural Gas Act (NGA), all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Applicant states that the subject delivery taps for which it now seeks blanket certificate construction authorization will be used by Piedmont to receive into its local distribution system up to 3,600 Mcf per day by Applicant. Applicant further states that it has sufficient capacity to accomplish such additional deliveries without detriment or disadvantage to Applicant's other customers. Applicant asserts that this proposal will have no impact on Applicant's peak day deliveries and little or no impact on Applicant's annual deliveries. It is indicated that Piedmont's delivery point entitlement and Applicant's pressure and firm transportation service obligations for deliveries to Piedmont at the subject delivery taps will be governed by the existing firm transportation service agreements between Piedmont and Applicant and Applicant's FERC Gas Tariff. It is further indicated that the estimated total construction cost for the proposal herein is \$58,000, which Piedmont will be responsible for.

Any person or the Commission's Staff may, within 45 days of the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214), a motion to intervene and pursuant to Section 157.205 of the regulations under the Natural Gas Act (18 CFR 157.205), a protest to the request. If no protest is filed within the time allowed therefor,

the proposed activities shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Linwood A. Watson, Jr.,*Acting Secretary.*

[Docket No. RP98-387-001]

Williston Basin Interstate Pipeline Company; Notice of Tariff Filing

October 21, 1998.

Take notice that on October 15, 1998, Williston Basin Interstate Pipeline Company (Williston Basin), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following revised tariff sheets to become effective October 1, 1998:

Substitute Fifth Revised Sheet No. 91
Substitute Fifth Revised Sheet No. 123
Substitute Third Revised Sheet No. 608A
Substitute Third Revised Sheet No. 658

Williston Basin states that on August 31, 1998, it filed revisions to its FERC Gas Tariff to add language to its discount request form and interruptible transportation and storage Rate Schedules and Form of Service Agreements to specify the types of discounts which may be granted by Williston Basin. On September 30, 1998, the Commission issued its "Order Accepting Tariff Sheets Subject to Conditions" in which the Commission stated that the types of discounts Williston Basin proposed are similar to the types of discounts previously accepted by the Commission, with the exception of the proposed discount for "specified end-user(s)". The Commission rejected this provision and required that Williston Basin file revised tariff sheets. Williston Basin is submitting the above-referenced tariff sheets deleting the word "end-user(s)" to comply with the Commission's September 30, 1998 Order.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be

filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
