SUPPLEMENTARY INFORMATION:**Purpose**

A proposed rule was published in the **Federal Register** on August 28, 1998 (63 FR 45971). The purpose of the rule is to clarify the fact that persons selling cattle who are not classified as producers under the Act must file a Statement of Certification of Non-Producer Status form with the collecting person in a timely manner or otherwise an assessment is due under the Act.

Reason for Granting an Extension

The Livestock Marketing Association (LMA), a national trade organization representing 900 livestock auction and terminal markets and livestock dealers

and order buyers has requested a 30 day extension of the comment period.

LMA has stated that it and other interested parties need more time to have a number of questions answered concerning the impact of the proposed rule on those it affects including producers, markets, dealers, feedlots, and brand inspectors.

LMA members collect about one-third of the total assessments paid by producers under the Act and therefore have a keen interest in any changes involving the collection process.

After careful consideration of the request submitted to the Agency, AMS has decided to grant an extension of the comment period for an additional 30 days, or until November 27, 1998. AMS believes this 30 day extension making a total comment period of 90 days provides a sufficient period of time for all interested persons to review the proposed rule and submit comments.

Accordingly, AMS is extending the comment period on the proposed rule until November 27, 1998.

Authority: 7 U.S.C. 2901 *et seq.*

Dated: October 23, 1998.

Deputy Administrator, Livestock and Seed Program.
