Final Guidelines for Implementation of the Drinking Water Infrastructure Grants Tribal Set-Aside Program

AGENCY: Environmental Protection Agency.

ACTION: Notice of availability of final guidelines.

SUMMARY: The Environmental Protection Agency (EPA) has released Final Guidelines for the Drinking Water Infrastructure Grants Tribal Set-Aside (DWIG TSA) program (EPA 816-R-98-020). The Tribal Set-Aside Program was established as a result of the reauthorized Safe Drinking Water Act (SDWA), signed by President Clinton on August 6, 1996. Section 1452 of the SDWA authorizes a Drinking Water State Revolving Loan Fund (DWSRF) similar to a fund for wastewater treatment systems that has been in place under the Clean Water Act for several years. The SDWA also authorizes EPA to set aside up to 1½ percent of the amounts annually appropriated to carry out section 1452 for grants to Indian Tribes and Alaska Native Villages. The SDWA directs EPA to use these funds for infrastructure improvements to public drinking water systems that serve Indian Tribes.

EPA first received federal funds for section 1452 in its FY1997 Appropriation Bill. EPA received \$1.275 billion in FY1997, and \$725 million in FY1998 for the programs authorized by section 1452. Of these amounts, 1½ percent (the maximum allowed by law) has been set aside for the Tribal program—\$19,125,000 in fiscal year 1997 and \$10,875,000 in fiscal year 1998.

These funds and each future year's Tribal Set-Aside Program funds will be allotted, by formula (which is described in the Final Guidelines), among the nine EPA Regional offices with Tribal programs. In consultation with the

Indian Health Service (IHS) and the Tribes in their Region, each EPA Region will identify potential projects, prioritize those projects, and select the ones to receive funding from its share of the Set-Aside Program allotment. The EPA Regions will then award and administer the funds. Each Regional office will give the Tribes in their Region an opportunity to review and comment on the Regional program as they develop it, and once developed, will consult with the IHS and the Tribes in their Region regarding annual project selections.

The Final Guidelines explain how the Tribal Set-Aside Program will be implemented; outline who is eligible to receive funds from the program; and list the types of projects that are eligible and ineligible to be funded with DWIG TSA monies. Within the conditions and allowances described in the Final Guidelines, the EPA Regions will have flexibility in designing a program that works best for the Tribes in their Region.

Copies of the Final Guidelines have been sent to every Indian Tribe currently recognized and eligible for funding and services from the Bureau of Indian Affairs.

DATES: The Guidelines become effective on October 29, 1998.

ADDRESSES: Copies of the Final Guidelines are available through the Safe Drinking Water Act Hotline, telephone (800) 426-4791, and from the Office of Water Resource Center (RC4100), U.S. EPA, 401 M Street, SW, Washington, DC 20460.
