DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Amador County, CA

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an environmental impact statement will be prepared for a proposed highway project in Amador County, California.

FOR FURTHER INFORMATION CONTACT: Mr. John R. Schultz, Chief, Program Delivery Team—North, Federal Highway Administration, California Division, 980 9th Street, Suite 400, Sacramento, California 95814-2724, Telephone: (916) 498-5041.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the California Department of Transportation (Caltrans), will prepare an Environmental Impact Statement (EIS) on a proposal to improve State Route (SR) 49 in Amador County, California. The proposed improvement would involve in the reconstruction of a roadway section of SR 49 between the junction of Route 104 (Ridge Road) to 0.3 kilometers (0.2 miles) south of Ranchia Creek Bridge. The project is approximately 7.9 kilometers (4.9 miles) in length. The improvement would correct deficiencies on the existing facility such as the narrow roadbed, short radius curves, inadequate sight distances, and excessively steep grades.

Alternatives under consideration include (1) taking no action, (2) constructing a limited access highway on new location, and (3) improve the existing route. Incorporated into and studied with the various build

alternatives will be design variations of grade and alignment.

Letters describing the proposal action and soliciting comments will be sent to appropriate Federal, State, and Local agencies, and to private organizations and citizens who have previously expressed or are known to have interest in this proposal. Several public meetings will be held in Amador County between March and July 1999. In addition, a public hearing will be held. Public notice will be given of the time and place of the meetings and hearing. The draft EIS will be available for public and agency review and comment prior to the public hearing. No formal scoping meeting is planned at this time.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments, and suggestions are involved from all interest parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.
