

light of the President's June 1998 withdrawal of all Marine Sanctuaries from oil and gas leasing. The proposed action includes existing regulations and proposed lease stipulations designed to reduce environmental risks. The EA will also analyze alternatives to exclude blocks near biologically sensitive topographic features, as well as the no action alternative. The MMS may also consider deferring blocks beyond the U.S. Exclusive Economic Zone, in the area referred to as the northern portion of the Western Gap, as talks between the U.S. and Mexico are currently underway regarding the establishment of a continental shelf boundary in this area. The analysis in the EA will reexamine the potential environmental effects of the proposal and alternatives based on any new information regarding potential impacts and issues that was not available at the time the Final EIS was prepared.

The MMS requests interested parties to submit comments regarding any such new information or issues that should be addressed in the EA to Minerals Management Service, Gulf of Mexico OCS Region, Office of Leasing and Environment, Attention: Regional Supervisor (MS 5400), 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394 by December 7, 1998. After completion of the EA, MMS will determine whether to prepare a Finding of No New Significant Impact (FONNSI) or a supplemental EIS. The MMS will then prepare and send consistency determinations to the affected States to determine whether the proposed sale is consistent with federally-approved State coastal zone management programs, and will send a proposed Notice of Sale to the Governors for their comments on the size, timing, and location of the proposed sale. The tentative schedule for the steps in the prelease decision process for Sale 174 are listed below: Comments due to MMS, December 7, 1998; EA/FONNSI or Supplemental EIS, March 1999; Proposed Notice of Sale sent to Governors, March 1999; Consistency Determinations sent to States, March 1999; Final Notice of Sale in **Federal Register**, July 1999; Sale, August 1999.

FOR FURTHER INFORMATION CONTACT: Minerals Management Service, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394, Mr. George Hampton, telephone (504) 736-2465.

Dated: November 2, 1998.
