## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 62

[OK-15-1-7399b: FRL-6183-6]

#### Approval and Promulgation of State Plans for Designated Facilities and Pollutants: Oklahoma

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA is approving the Oklahoma State Plan for control of air emissions from existing municipal waste combustors. The plan provides for implementation and enforcement of the Emissions Guidelines applicable to existing Municipal Waste Combustors with capacity to combust more than 250 tons per day of municipal solid waste. In the final rules section of this **Federal Register**, EPA is approving the State Plan as a direct final rule without prior proposal because the Agency views this as a noncontroversial amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn, and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please see the direct final rule located elsewhere in today's **Federal Register** for a detailed description of the Oklahoma State Plan. **DATES:** Comments must be received by December 7, 1998. If no adverse comments are received, then the direct final rule is effective on January 5, 1999. **ADDRESSES:** Written comments on this action should be addressed to Mr. Thomas H. Diggs, Chief, Air Planning Section (6PD-L), at the EPA Regional Office listed below. Copies of the documents relevant to this proposed rule are available for public inspection

during normal business hours at the following locations. Interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the visiting day.
