Iroquois Gas Transmission System, L.P.; Notice of Proposed Changes in FERC Gas Tariff

November 3, 1998.

Take notice that on October 30, 1998, Iroquois Gas Transmission System, L.P. (Iroquois) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, Original Sheet No. 75E. The proposed effective date of this tariff sheet is January 1, 1999.

Iroquois states that it is submitting the filing in accordance with the Commission's April 29, 1998 order in Gas Research Institute, Docket Nos. RP97-149-003, et al., (83 FERC ¶ 61,093) authorizing pipelines to become collection agents for shippers wishing to voluntarily contribute to GRI. Pursuant to that order, Iroquois states that it is implementing a check-the-box mechanism to permit shippers to make such contributions and to specify specific projects or project areas to which the amounts collected should be applied. According to Iroquois, any funds collected are in addition to amounts collected under Section 12.1 of its tariff and will not be part of Iroquois jurisdictional rates or reviewed by the Commission.

Iroquois further requests a waiver of section 154.207 of the Commission's regulations to permit the tariff sheet to become effective as proposed.

Iroquois states that copies of its filing were served on all jurisdictional customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
