KN Wattenberg Transmission Liability Co.; Notice of Tariff Filing

November 3, 1998.

Take notice that on October 30, 1998, KN Wattenberg Transmission Limited Liability Co. (KNW) tendered for filing to become a part of KNW's FERC Gas Tariff, First Revised Volume No. 1, the following revised tariff sheets, to be effective January 1, 1999:

First Revised Sheet No. 66
Original Sheet No. 66A

KNW is making this filing pursuant to the January 21, 1998 Stipulation and Agreement (Settlement) approved by the FERC's order issued April 29, 1998 in Docket Nos. RP97-149-003, *et al.* In the Settlement, KNW and other pipelines have agreed to be voluntary collection agents for shippers who voluntarily choose to contribute to GRI programs through "check-the-box" approach on pipelines' invoices. Therefore, KNW proposed revised tariff language in Section 21 of the General Terms and Conditions of its Tariff to implement the "check-the-box" mechanism.

KNW states that copies of the filing were served upon all affected firm customers of KNW and applicable state agencies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. Koch Gateway Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

November 3, 1998.

Take notice that on October 30, 1998, Koch Gateway Pipeline Company (Koch) tendered for filing as part of its FERC Gas Tariff, Fifth Revised Volume No. 1, the following tariff sheets, to become effective December 1, 1998:

Twenty-fourth Revised Sheet No. 20
Twenty-first Revised Sheet No. 21
Twenty-second Revised Sheet No. 22
Twenty-fifth Revised Sheet No. 24
Second Revised Sheet No. 719
Original Sheet No. 719A
Fourth Revised Sheet No. 1414
Fifth Revised Sheet No. 1806
Seventh Revised Sheet No. 1807

Koch states that the purpose of this filing is to establish a just and reasonable incremental transportation rate associated with Koch's extension of the Bastian Bay Line to the Vesco Processing Plant. The Commission specifically denied Koch's proposal to roll in the cost of Bastian Bay in its last rate case (RP97-373) and required Koch to develop an incremental rate to recover these costs. Koch has developed an incremental transportation rate that will provide it with the opportunity to recover the cost for these facilities. This incremental rate shall apply to all firm, NNS, and interruptible transportation nominated from SLN #464 (tailgate at the Vesco Processing Plant). Koch proposes that, for those firm customers that were utilizing this receipt point prior to the extension, the incremental rate shall be discounted to zero for the remaining term of their agreement while those customers that are now using this point and the new facilities will be paying a just and reasonable incremental rate for the use of these facilities.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings.

Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Secretary.
