TCP Gathering Company; Notice of  
Tariff Filing

November 4, 1998.

Take notice that on October 30, 1998, TCP Gathering Co. (TCP) tendered for filing to become a part of TCP's FERC Gas Tariff, Original Volume No. 1, the following revised tariff sheets, to be effective January 1, 1999:

First Revised Sheet No. 2  
First Revised Sheet No. 83  
Second Revised Sheet No. 84  
Original Sheet No. 84A

TCP is making this filing pursuant to the January 21, 1998 Stipulation and Agreement (Settlement) approved by the FERC's order issued April 29, 1998 in Docket Nos. RP97-149-003, *et al.* In the Settlement, TCP and other pipelines have agreed to be voluntary collection agents for shippers who voluntarily choose to contribute to GRI programs through "check-the-box" approach on pipelines' invoices. Therefore, TCP proposed revised tariff language in Section 21.1 of the General Terms and Conditions of its Tariff to implement the "check-the-box" mechanism.

TCP states that copies of the filing were served upon all affected firm customers of TCP and applicable state agencies.

[Docket No. RP99-106-000]

TransColorado Gas Transmission  
Company; Notice of Tariff Filing

November 4, 1998.

Take notice that on October 30, 1998, TransColorado Gas Transmission Company (TransColorado) tendered for filing to become part of its FERC Gas Tariff, Original Volume No. 1, the following tariff sheets, to become effective January 1, 1999:

Third Revised Sheet No. 20  
Second Revised Sheet No. 102  
First Revised Sheet No. 112

TransColorado states that this filing is a general rate case under Section 4(e) of the Natural Gas Act and is filed in compliance with ordering paragraph (c) of the September 30, 1996, order in Docket No. CP90-1777-008. The September 30, 1996, order required TransColorado within 3 years of the date of the Phase I facilities are placed in service or at least 60 days prior to placing Phase II facilities in service, whichever comes first, to make a Natural Gas Act Section 4(e) general rate case filing to reflect current costs and volumes. TransColorado expects that the Phase II facilities will be ready for service on January 1, 1999. Therefore, this rate case filing was filed 60 days prior to the effective date of the Phase II facilities being placed in service. Further, TransColorado has requested authority to withdraw the rate case filing in the event the Phase II facilities are not placed in service prior to February 1, 1999.

TransColorado states that the rates it has proposed are based on the overall cost of service for the base period consisting of the twelve months ended June 30, 1998, adjusted for known and measurable changes through December 31, 1999. The proposed jurisdictional transportation rates are based on a 25 year levelized rate design. TransColorado has sought waiver of 18 CFR § 154.303 to allow rates to go into effect on January 1, 1999.

TransColorado further states that a copy of this filing has been served upon TransColorado's jurisdictional customers, the Colorado Public Utilities Commission, and the New Mexico Public Utilities Commission.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C.
