

published on September 10, 1998 (63 FR 48427) rule established Class E airspace at Crosby, ND. One error was discovered in the legal description for the Class E airspace for Crosby, ND. This action corrects that error.

Correction to Final Rule

Accordingly, pursuant to the authority delegated to me, the legal description for the Class E airspace Crosby, ND, as published in the **Federal Register** September 10, 1998 (63 FR 48427), (FR Doc. 98-24290), is corrected as follows:

PART 71—[CORRECTED]

§ 71.1 [Corrected]

AGL SD E5 Crosby, ND [Corrected]

On page 48428, Column 1, in the Class E airspace designation for Crosby, ND, incorporated by reference in Sec. 71.1, change the coordinates for the Crosby Municipal Airport, ND to "(lat. 48° 55' 43"N, long 103° 17'50" W)".

Issued in Des Plaines, IL on October 29, 1998.

Maureen Woods,

Manager, Air Traffic Division.

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 98-AGL-52]

Establishment of Class E Airspace; Duluth St. Mary's Hospital Heliport, MN

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes Class E airspace at Duluth St. Mary's Hospital Heliport, MN. A Global Positioning System (GPS) Standard Instrument Approach Procedure (SIAP) 190° helicopter point in space approach, and a GPS SIAP 330° helicopter point in space approach, have been developed for St. Mary's Hospital Heliport. Controlled airspace extending upward from 700 to 1200 feet above ground level (AGL) is needed to contain aircraft executing the approaches. This action creates controlled airspace with a radius of 6.0 miles for the point in space serving St. Mary's Hospital Heliport.

EFFECTIVE DATE: 0901 UTC, January 28, 1999.

FOR FURTHER INFORMATION CONTACT: Michelle M. Behm, Air Traffic Division, Airspace Branch, AGL-520, Federal

Aviation Administration, 2300 East Devon Avenue, Des Plaines, Illinois 60018, telephone (847) 294-7568.

SUPPLEMENTARY INFORMATION:

History

On Friday, August 14, 1998, the FAA proposed to amend 14 CFR part 71 to establish Class E airspace at Duluth St. Mary's Hospital Heliport, MN (63 FR 43653). The proposal was to add controlled airspace extending upward from 700 to 1200 feet AGL to contain Instrument Flight Rules (IFR) operations in controlled airspace during portions of the terminal operation and while transiting between the enroute and terminal environments.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9F dated September 10, 1998, and effective September 16, 1998, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Rule

This amendment to 14 CFR part 71 establishes Class E airspace at Duluth St. Mary's Hospital Heliport, MN, to accommodate aircraft executing the proposed GPS SIAP 190° helicopter point in space approach, and GPS SIAP 330° helicopter point in space approach, at Duluth St. Mary's Hospital Heliport by creating controlled airspace for the heliport. The area will be depicted on appropriate aeronautical charts.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9F, Airspace Designations and Reporting Points, dated September 10, 1998, and effective September 16, 1998, is amended as follows:

* * * * *

Paragraphs 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

AGL MN Duluth St. Mary's Hospital Heliport, MN [New]

St. Mary's Hospital Heliport, MN

Point in Space Coordinates

(Lat. 46°47'38"N., long. 92°05'52"W.)

That airspace extending upward from 700 feet above the surface within a 6.0-mile radius of the Point in Space serving St. Mary's Hospital Heliport excluding that airspace within the Duluth, MN, Class D airspace area, and the Duluth, MN, Duluth Sky Harbor, MN, and the Superior, WI, Class E airspace areas.

* * * * *

Issued in Des Plaines, Illinois on October 29, 1998.

Maureen Woods,

Manager, Air Traffic Division.
