- n. This notice also consists of the following standard paragraphs:
- A2. Development Application—Any qualified applicant desiring to file a

competing application must submit to the Commission, on or before the specified deadline date for the particular application, a competing development application, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing development application no later than 120 days after the specified deadline date for the particular application. Applications for preliminary permits will not be accepted in response to this notice.

A9. Notice of Intent—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

B1. Protests or Motions To Intervene—Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

D8. Filing and Service of Responsive Documents—The application is not ready for environmental analysis at this time; therefore, the Commission is not now requesting comments, recommendations, terms and conditions, or prescriptions.

When the application is ready for environmental analysis, the Commission will notify all persons on the service list and affected resource agencies and Indian tribes. If any person wishes to be placed on the service list, a motion to intervene must be filed by the specified deadline date herein for such motions. All resource agencies and Indian tribes that have official responsibilities that may be affected by the issues addressed in this proceeding, and persons on the service list will be able to file comments, terms and conditions, and prescriptions within 60 days of the date the Commission issues a notification letter that the application is ready for an environmental analysis. All reply comments must be filed with the Commission within 105 days from the date of that letter.

All filings must (1) bear in all capital letters the title "PROTEST" or "MOTION TO INTERVENE;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. Any of these documents must be filed by providing the original and the number of copies required by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. An additional copy must be sent to Director, Division of Project Review, Office of Hydropower Licensing, Federal Energy Regulatory Commission, at the above address. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6191-2]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; RCRA Expanded Public Participation

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: RCRA Expanded Public Participation, OMB Control Number 2050-0149, expiration date: 11/30/98. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it

includes the actual data collection instrument.

DATES: Comments must be submitted on or before December 21, 1998.

FOR FURTHER INFORMATION CONTACT: Contact Sandy Farmer at EPA by phone at (202) 260-2740, by email at farmer.sandy@epamail.epa.gov, or download off the Internet at <http://www.epa.gov/icr> and refer to EPA ICR No. 1688.03.

SUPPLEMENTARY INFORMATION:

Title: RCRA Expanded Public Participation (OMB Control No. 2050-0149; EPA ICR No. 1688.03.) This is a request for extension of a currently approved collection.

Abstract: EPA has a statutory obligation, under section 7004, to provide for, encourage, and assist public participation in the development, revision, implementation, and enforcement of any regulation, guideline, information, or program under the Act. The regulations implementing these requirements are codified at 40 CFR parts 124 and 270.

EPA promulgated requirements for providing additional opportunities for the public to be involved in the RCRA permitting process under 40 CFR part 124, sections 124.31 through 124.33 and in part 270, sections 270.62 and 270.66. The part 124 requirements apply to all types of hazardous waste treatment, storage, and disposal facilities, unless exempted under a specific section; the part 270 requirements apply only to hazardous waste combustors planning trial burns. These requirements are important components in: (1) Meeting its statutory mandate to promote public participation in the development, revision, and implementation of any regulation under RCRA; and (2) achieving EPA's goal of enhancing public involvement. EPA believes that these regulations encourage people to become involved in the permitting process and increase understanding of hazardous waste facilities. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The Federal Register document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on 09/04/98 (63 FR 47277); no comments were received.

Burden Statement: The annual reporting burden associated with activities related to both the pre-application meeting, estimated to
