

suspended investigation on small electric motors from Japan. Because no domestic interested party responded to the sunset review notice of initiation by the applicable deadline, the Department is revoking these orders and finding and terminating the suspended investigation.

EFFECTIVE DATE: January 1, 2000.

FOR FURTHER INFORMATION CONTACT: Martha V. Douthit, Scott E. Smith, or Melissa G. Skinner, Import Administration, International Trade Administration, U.S. Department of Commerce, Pennsylvania Avenue and 14th Street, N.W., Washington, D.C. 20230; telephone: (202) 482-3207, (202) 482-6397, or (202) 482-1560 respectively.

SUPPLEMENTARY INFORMATION:

Background

The Treasury Department issued an antidumping finding on television receivers from Japan (36 FR 4597, March 10, 1971). In addition, the Department issued antidumping duty orders on color television receivers from South Korea and Taiwan (49 FR 7620, March 1, 1984), high power microwave amplifiers from Japan (47 FR 31413, July 20, 1982) and barium carbonate from Germany (46 FR 32864, June 25, 1981). The Department also suspended an investigation of small electric motors from Japan (45 FR 73723, July 20, 1980). Pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"), the Department initiated sunset reviews of these orders, finding and suspended investigation by publishing notice of the initiation in the **Federal Register** (63 FR 52683, October 1, 1998). In addition, as a courtesy to interested parties, the Department sent letters, via certified and registered mail, to each party listed on the Department's most current service list for these proceedings to inform them of the automatic initiation of a sunset review on these orders and finding as well as the suspended investigation.

No domestic interested parties in any of the sunset reviews of these orders, finding and suspended investigation responded to the notice of initiation by the October 16, 1998, deadline (see section 351.218(d)(1)(i) of *Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders*, 63 FR 13520 (March 20, 1998) ("Sunset Regulations").

Determination to Revoke

Pursuant to section 751(c)(3)(A) of the Act and section 351.218(d)(1)(iii)(B)(3) of the *Sunset Regulations*, if no

interested party responds to the notice of initiation, the Department shall issue a final determination, within 90 days after the initiation of the review, revoking the finding or order or terminating the suspended investigation. Because no domestic interested party responded to the notice of initiation by the applicable deadline, October 16, 1998 (see section 351.218(d)(1)(i) of the *Sunset Regulations*), we are revoking these antidumping orders and finding and terminating the suspended investigation.

Effective Date of Revocation and Termination

Pursuant to section 751(c)(6)(A)(iv) of the Act, the Department will instruct the United States Customs Service to terminate the suspension of liquidation of the merchandise subject to these orders and finding entered, or withdrawn from warehouse, on or after January 1, 2000. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and duty deposit requirements. The suspension agreement on small electric motors from Japan will remain in effect until January 1, 2000. The Department will complete any pending administrative reviews of these orders, finding and suspended investigation and will conduct administrative reviews of all entries prior to the effective date of revocation in response to appropriately filed requests for review.

Dated: November 17, 1998.

Robert S. LaRussa,
Assistant Secretary for Import Administration.

Availability of U.S. Patents for Non-Exclusive, Exclusive, or Partially-Exclusive Licensing

AGENCY: U.S. Army Research Laboratory, Adelphi, Maryland.

ACTION: Notice.

SUMMARY: In accordance with 37 CFR 404.6, announcement is made of the availability of the following U.S. patents for non-exclusive, partially exclusive or exclusive licensing. All of the listed patents have been assigned to the United States of America as represented by the Secretary of the Army, Washington, D.C.

These patents cover a wide variety of technical arts including: A device to eliminate the "dead-zone" in digital phase detectors, and a method and system for forming images by back projection.

Under the authority of Section 11(a)(2) of the Federal Technology Transfer Act of 1986 (Pub. L. 99-502) and Section 207 of Title 35, United States Code, the Department of the Army as represented by the U.S. Army Research Laboratory wish to license the U.S. patents listed below in a non-exclusive, exclusive, or partially exclusive manner to any party interested in manufacturing, using, and/or selling devices or processes covered by these patents.

Title: Method and System for Forming Image by Backprojection.
