

September 4, 1998. We approve the rules that Ohio proposed with the provision that they be fully placed in force in identical form to the rules submitted to and reviewed by OSM and the public.

To implement this decision, we are amending the Federal regulations at 30 CFR Part 935 which codifies decisions concerning the Ohio program. We are making this final rule effective immediately to expedite the State program amendment process and to encourage Ohio to bring its program into conformity with the Federal standards without undue delay. Consistency of State and Federal standards is required by SMCRA.

VI. Procedural Determinations

Executive Order 12866

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

Executive Order 12988

The Department of the Interior has conducted the reviews required by section 3 of Executive Order 12988 (Civil Justice Reform) and has determined that, to the extent allowed by law, this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State regulatory programs and program amendments since each such program is drafted and promulgated by a specific State, not by OSM. Under sections 503 and 505 of SMCRA (30 U.S.C. 1253 and 1255) and 30 CFR 730.11, 732.15, and 732.17(h)(10),

decisions on proposed State regulatory programs and program amendments submitted by the States must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing Federal regulations and whether the other requirements of 30 CFR Parts 730, 731, and 732 have been met.

National Environmental Policy Act

We have analyzed this rule in accordance with the criteria of the National Environmental Policy Act and 526DM. This rule does not constitute a major Federal action significantly affecting the quality of the human environment.

Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 *et seq.*).

Regulatory Flexibility Act

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The State submittal which is the subject of this rule is based upon corresponding Federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. Accordingly, this rule will ensure that existing requirements previously promulgated by OSM will be

implemented by the State. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the corresponding Federal regulations.

Unfunded Mandates Reform Act

In accordance with the Unfunded Mandates Reform Act (2 U.S.C. 1501 *et seq.*), this rule will not produce a Federal mandate of \$100 million or greater in any year, i.e., it is not a "significant regulatory action" under the Unfunded Mandates Reform Act.

[SPATS No. UT-039-FOR]

Utah Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Final rule; correction.

SUMMARY: This document contains a correction to the final rule published in the **Federal Register** (63 FR 63608) on November 16, 1998. The final rule removed a required amendment imposed by the Director of the Office of Surface Mining Reclamation and Enforcement (OSM) resulting from OSM's review of a previous amendment to the Utah Code. The November 16, 1998, final rule removed the last required amendment placed on Utah at 30 CFR 944.16, but inadvertently omitted removing the introductory text

of § 944.16. This correction rectifies that error by removing and reserving all of § 944.16.

EFFECTIVE DATE: December 4, 1998.

FOR FURTHER INFORMATION CONTACT: John A. Trelease, (202) 208-2783.

Correction of Publication

In final rule FR Doc. 98-30547, on page 63 FR 63611 in the **Federal Register** issue of November 16, 1998, make the following correction:

In the first column, § 944.16 should read, "Section 944.16 is removed and reserved."

Dated: December 1, 1998.

National Emission Standards for Hazardous Air Pollutants for Ethylene Oxide Commercial Sterilization and Fumigation Operations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Interim final rule.

SUMMARY: Today's action suspends the National Emission Standards for Hazardous Air Pollutants for Ethylene Oxide Commercial Sterilization and Fumigation Operations (EO NESHAP) requirements for chamber exhaust and aeration room vents. The suspension allows affected sources subject to the EO NESHAP to defer compliance with the NESHAP requirements for chamber exhaust and aeration room vents for one year until December 6, 1999. This suspension does not affect the requirement for sources subject to the EO NESHAP to comply with provisions for sterilizer vents by December 6, 1998. This action does not change the level of the standards or the intent of the NESHAP promulgated in 1994.

DATES: This action is effective December 4, 1998.

Comments may be submitted until January 4, 1999.

ADDRESSES: Comments may be submitted to the Docket address which follows. Docket No. A-88-03, category VIII Amendments, containing information considered by the EPA in developing this rule, is available for public inspection and copying between 8:00 a.m. and 5:30 p.m., Monday through Friday, except for Federal holidays, at the EPA's Air and Radiation Docket and Information Center, room M1500, U.S. EPA, 401 M Street, SW, Washington, DC 20460; telephone (202) 260-7548. A reasonable fee may be charged for copying. This docket also contains information considered by the EPA in proposing and promulgating the original EO NESHAP.
