

Commonwealth is desirous of the United States relinquishing its restrictions on the Indenture Land in order to allow Commonwealth to implement a proposed plan for the mixed use development of the property in exchange for certain restrictions to be conveyed by Commonwealth to the United States relative to building heights and setbacks. Commonwealth has also proposed implementing a plan for the residential development of Potomac Greens, including minimal support retail.

The National Park Service is desirous of acquiring Commonwealth's access rights to the Parkway and in return is willing to partially relinquish the United States' interests in restricting the use of the Indenture Land. In accordance with National Park Service land exchange authority, the National Park Service will conduct an independent appraisal to determine if the interests in land to be exchanged are approximately equal in value.

Pursuant to Council on Environmental Quality regulations and National Park Service policy, the National Park Service announces the presentation of the proposed exchange of land interests associated with two distinct properties located in Alexandria and Arlington County, Virginia, respectively, for public review. Public comment on the proposed land exchange is requested to assist the National Park Service in identifying and analyzing potential environmental impacts.

A public open house to review and comment on the proposed land exchange will be held on December 10, 1998, in the cafeteria of the Cora Kelly Magnet School located at 3600 Commonwealth Avenue, Alexandria, Virginia 22313, between the hours of 7:00 p.m. and 9:30 p.m. Officials of the National Park Service and representatives of Commonwealth will be in attendance to describe the terms of the proposed exchange, answer questions and receive comments.

Detailed information concerning this proposed exchange is available from the Office of Stewardship and Partnerships, National Capital Region, National Park Service, 1100 Ohio Drive, SW., Washington, DC 20242.
