BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 030-05798, License No. 34-10445-01]

Shelwell Services, Inc., Hebron, Ohio: Notice of Public Meeting and Opportunity for a Hearing Regarding Proposed License Termination

Background: In a letter dated January 13, 1998, Shelwell Services Inc. (Shelwell) requested the termination of byproduct material License No. 34-10445-01. The Shelwell facility is located at 645 East Main Street, Hebron, Ohio. Shelwell is licensed to use sealed sources and unsealed radioactive material in well logging and tracer studies of oil and gas wells. In September 1983, the licensee accidentally drilled into a 2-curie cesium-137 sealed source, which caused the spread of radioactive contamination. The site was substantially decontaminated following the 1983

incident. The licensee has recently completed additional decontamination, and reported that the site will be ready for release for unrestricted use when some stored sealed sources and a small amount of containerized radioactive waste are removed from the site. Copies of the licensee's termination request and related correspondence are available for review and copying for a fee at the NRC's Region III office at 801 Warrenville Road, Lisle, IL 60532-4351.

The Nuclear Regulatory Commission (NRC) staff will approve termination of the license, if the staff determines that the site has been adequately decontaminated, and that the site is suitable for release for unrestricted use in accordance with 10 CFR 30.36; 10 CFR Part 20, Subpart E; and other applicable requirements. If the staff determines that portions of the site have been adequately decontaminated, but the stored sealed sources or waste have not been removed from the site, then the license may be amended to release the decontaminated portions of the site for unrestricted use, and a decision made on termination at a later date, when the stored sources and waste have been removed from the site.

The NRC staff is also preparing an environmental assessment of Shelwell's license termination request. The final findings of the assessment will be published in a future **Federal Register** notice, prior to the staff's decision on Shelwell's license termination request.

Notice of Public Meeting: Prior to acting upon the license termination request, the NRC staff plans to hold a public meeting to discuss the request, receive comments, and answer questions from the public. The meeting will be held at the Holiday Inn, 733 Hebron Road, in Heath, Ohio, on January 13, 1999, at 7:00 p.m.
