Approval and Promulgation of Implementation Plans; South Carolina

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the South Carolina Department of Health and Environmental Control (SC DHEC) which updates the emissions inventory and emissions budgets for use in determination of Transportation Conformity in the Cherokee County Ozone Maintenance Area. This SIP revises emissions for the 1990 emissions inventory, and the 2000 and 2002 emissions budgets for Cherokee County. In the final rules section of this **Federal Register**, the EPA is approving the State's SIP revision as a direct final rule without a prior proposal because the Agency views this as a noncontroversial revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.
