**FEDERAL EMERGENCY
MANAGEMENT AGENCY****Agency Information Collective
Activities: Proposed Collection;
Comment Request**

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed continuing information collections. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments concerning the collection of community floodplain management information pertaining to the National Flood Insurance Program (NFIP). Specifically, comments are encouraged to be submitted about the currently used Community Visit Report (CAV) form and Community Contact Report (CAC) form. Both of these forms are used to gather information regarding local community floodplain management activities.

SUPPLEMENTARY INFORMATION:

The National Flood Insurance Act of 1968, Section 1361 authorizes the development of criteria that will assist in reducing the damage of floods.

Communities that join the NFIP adopt these criteria through local ordinances. The CAV and CAC process serves a dual role. It provides a means for FEMA to give technical assistance about floodplain management to communities. Additionally, it affords FEMA an opportunity to measure the effectiveness and successes of local floodplain management activities in support for the NEIP. The data and information obtained through the CAV and CAC process is used to make program and policy changes to improve the NFIP. The knowledge gained from discussing implementation of the NEIP by local community official is critical to keeping the NFIP up to date and current.
