

the publication of the amended final results, we discovered a ministerial error with regard to the weighted-average margins published for FAG Italia S.p.A. in the Italian case. Specifically, for this company we published the weighted-average margins from prior remand results. The final weighted-average margins for FAG Italia S.p.A. were established in *FAG Kugelfischer Georg Schafer KgaA., FAG Italia S.p.A., FAG (U.K.) Limited, Barden Corporation Limited, FAG Bearings Corporation and The Barden Corporation v. United States*, Slip Op. 96-108 (July 10, 1996). The Court of International Trade affirmed those rates on December 12, 1996.

Amendment to Final Results

In accordance with section 735(e) of the Act, we are now amending the final results of administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from Italy for the period May 1, 1991, through April 30, 1992. The revised weighted-average margin is as follows:

Company	BBs	CRBs
FAG Italia S.p.A.	5.19	21.90

Accordingly, the Department will determine and the Customs Service will assess appropriate antidumping duties on entries of the subject merchandise made by FAG Italia S.p.A. Individual differences between United States price and foreign market value may vary from the percentages listed above. The Department will issue appraisal instructions to the Customs Service after publication of these amended final results of reviews.

We are issuing and publishing this determination in accordance with sections 751(h) and 777(i) of the Act and 19 CFR 353.28(c).

Dated: December 14, 1998.

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). The Department received requests pursuant to section 735(a)(2) of the Act to postpone its final determination to 135 days after publication of the Department's preliminary determination from the following producers/exporters of the subject merchandise:

- September 30, 1998—Yieh United Steel Corp. (Taiwan)
- October 29, 1998—Pohang Iron and Steel Co., Ltd. (Korea)
- November 2, 1998—Atlas Stainless Steels (Sammi Atlas) (Canada).

In November 1998, these respondents amended their requests to include a concurrent extension of the provisional measures (i.e., suspension of liquidation) for the same period, in accordance with the Department's regulations (19 CFR 351.210(e)(2)). Therefore, in accordance with 19 CFR 351.210(b)(2)(ii), because (1) our preliminary determinations are affirmative, (2) respondents requesting a postponement account for a significant proportion of exports from their respective countries of the subject merchandise, and (3) no compelling reasons for denial exist, we are granting the respondents' requests and are postponing the final determinations to no later than March 19, 1999, which is 135 days after the publication of the preliminary determinations. See Notice of Preliminary Determination of Sales at Less than Fair Value: Stainless Steel Plate in Coils from Canada, 63 FR 59527; Notice of Preliminary Determination of Sales at Less than Fair Value: Stainless Steel Plate in Coils from Italy, 63 FR 59530; Notice of Preliminary Determination of Sales at Less than Fair Value: Stainless Steel Plate in Coils from the Republic of Korea, 63 FR 59535; Notice of Preliminary Determination of Sales at Less than Fair Value: Stainless Steel Plate in Coils from South Africa, 63 FR 59540; and Notice of Preliminary Determination of Sales at Less than Fair Value: Stainless Steel Plate in Coils from Taiwan, 63 FR 59524 (November 4, 1998). Suspension of liquidation will be extended accordingly.

This notice of postponement is published pursuant to 19 CFR 351.210(g).

Dated: December 11, 1998.
