

assembled highway vehicles, including truck camper units.

* * * * *

Cargo-carrying unit. As used in this part, cargo-carrying unit means any portion of a commercial motor vehicle (CMV) combination (other than a truck tractor) used for the carrying of cargo, including a trailer, semitrailer, or the cargo-carrying section of a single-unit truck. The length of the cargo carrying units of a CMV with two or more such units is measured from the front of the first unit to the rear of the last [including the hitch(es) between the units].

* * * * *

3. In § 658.13, paragraph (b)(3) is revised to read as follows:

§ 658.13 Length.

* * * * *

(b) * * *

(3) No State shall impose an overall length limitation on commercial vehicles operating in truck tractor-semitrailer or truck tractor-semitrailer-trailer combinations.

* * * * *

4. In § 658.17, paragraphs (i) and (k) are revised to read as follows:

§ 658.17 Weight.

* * * * *

(i) The provisions of paragraphs (b), (c), and (d) of this section shall not apply to single-, or tandem-axle weights, or gross weights legally authorized under State law on July 1, 1956. The group of axles requirement established in this section shall not apply to vehicles legally grandfathered under State groups of axles tables or formulas on January 4, 1975. Grandfathered weight limits are vested on the date specified by Congress and remain available to a State even if it chooses to adopt a lower weight limit for a time.

* * * * *

(k) Any vehicle which is regularly and exclusively used as an intrastate public agency transit passenger bus is excluded from the axle weight limits in paragraphs (c) through (e) of this section until October 1, 2003.

* * * * *

Appendix A to Part 658 [Amended]

5. Appendix A to part 658 is amended for the State of Florida by removing the note at the end of the listing for that State.

Appendix C to Part 658 [Amended]

6. Appendix C to part 658 is amended in the listing for the State of Utah for the combination "Truck-trailer-trailer" under the heading of "ROUTES" by

removing the phrase, "combination with a cargo carrying length greater than 85 feet."

DEPARTMENT OF TRANSPORTATION

Coast Guard

33 CFR Part 100

[CGD 08-98-018]

RIN 2115-AE46

Special Local Regulations; Eighth Coast Guard District Annual Marine Events

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is revising Table 1, its list of annual marine events that occur within the Eighth Coast Guard District. This action is being taken to ensure the safety of life and property during each event, while avoiding the necessity of publishing a separate temporary regulation each year for each event. Table 1 reflects the approximate dates and locations of each annual recurring marine event.

DATES: This final rule will become effective February 22, 1999.

FOR FURTHER INFORMATION CONTACT: Project Attorney, Lieutenant Commander Jim Wilson at Commander (dl), Eighth Coast Guard District, 501 Magazine Street, New Orleans, LA 70130-3396, (504) 589-6188.

SUPPLEMENTARY INFORMATION:

Regulatory History

A notice of proposed rulemaking (NPRM) was published on Tuesday, June 16, 1998, (63 FR 32774) in the **Federal Register** proposing to revise Table 1 to 33 CFR 100.801, the list of annual marine events that occur within the Eighth Coast Guard District. That proposal also noted the revision would include the territories previously encompassed by the Second Coast Guard District as a result of the Eighth Coast Guard District's absorption of the Second Coast Guard District. The Coast Guard received no comments on the proposed rulemaking. A public hearing was not requested and one was not held.

Background and Purpose

This rulemaking updates the existing list of anticipated annual marine events in the Eighth Coast Guard District. This revision also reflects the Eighth Coast Guard District's absorption of the territories previously encompassed by

the Second Coast Guard District. It does so by deleting 33 CFR § 100.201, the list of annual marine events in the old Second Coast Guard District, and by expanding 33 CFR § 100.801 to include both territories.

Regulatory Evaluation

This rule is not a significant regulator action under section 3(f) of Executive Order 12866 and did not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. It has not been reviewed by the Office of Management and Budget under that Order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979).

The Coast Guard expects the economic impact of this rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT was unnecessary. The economic impact is not significant because this rule serves only to update an already existing list of marine events and does not change the process for reviewing such occurrences.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard considered whether this rule will have a significant economic impact on a substantial number of small entities. "Small entities" include small businesses, not-for-profit organizations that are independently owned, operated, and not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The segment of the listed waterways regulated is the minimum necessary to assure the safety of life and property on or adjacent to navigable waters. These regulations are relatively brief in duration and will only affect marine traffic. Therefore, the Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

Collection of Information

No information is collected under this rule. This rule complies with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*)

Federalism Implications

The Coast Guard has analyzed this rule under the principles and criteria contained in Executive Order 12612 and has determined that this rule does not have sufficient federalism implications

to warrant the preparation of a Federalism Assessment.

Environment

The Coast Guard is revising its list of recurring marine events. The listing itself will not affect the environment. When an event application is received, the Coast Guard will conduct an environmental analysis for the event. Under figure 2-1 paragraph (34)(h) of Coast Guard Commandant Instruction M16475.1C, this revision is categorically

excluded from further environmental documentation.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and record keeping requirements, Waterways.

Final Regulations

In consideration of the foregoing, the Coast Guard is amending Part 100 of Title 33, Code of Federal Regulations, as follows:

PART 100—[AMENDED]

1. The authority citation for Part 100 continues to read as follows:

Authority: 33 U.S.C. 1233; 49 CFR 1.46; and 33 CFR 100.35.

§ 100.201 [Removed]

- 2. Remove § 100.201.
- 3. § 100.801 is amended by revising Table 1 to read as follows:

§ 100.801 Annual Marine Events in the Eighth Coast Guard District.

RIN 2115-AE47

**Drawbridge Operation Regulations:
Taunton River, MA**

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is changing the operating rules for the Brightman Street Bridge, mile 1.8, over the Taunton River between Somerset and Fall River, Massachusetts

This final rule requires one hour's advance notice during the winter months at night and two hours' on Christmas and New Year's day. This change to the regulations will remove the requirement to crew the bridge because there have been few requests to open the bridge during the above time periods.

DATES: This final rule is effective January 21, 1999.

ADDRESSES: Documents as indicated in this preamble are available for inspection or copying at the First Coast Guard District Office, 408 Atlantic Avenue, Boston, Ma. 02110-3350, between 7 a.m. and 2 p.m., Monday through Friday, except Federal holidays. The telephone number is (617) 223-8364.

FOR FURTHER INFORMATION CONTACT: John W. McDonald, Project Officer, First Coast Guard District, (617) 223-8364.

SUPPLEMENTARY INFORMATION:

Regulatory History

The Coast Guard published a notice of proposed rulemaking entitled Drawbridge Operation Regulations; Taunton River, MA., in the **Federal Register** (63 FR 27241) on May 18, 1998. The Coast Guard received three comment letters in response to the notice of proposed rulemaking. A public hearing was requested. The Coast Guard did not hold a public hearing because the Coast Guard determined that an opportunity for oral comments would not aid in this rulemaking. All the comments were the same. The bridge-opening logs did not support the claims in the comment letters. The logs showed very few openings historically during the times the bridge will be in a one-hour advance-notice status, and no new information was submitted to justify a need to have the bridge crewed at all times. The record clearly indicated that there were only a few openings at night in the winter months.

Background

The Brightman Street Bridge has a vertical clearance at mean high water (MHW) of 27 feet and at mean low water (MLW) of 31 feet. The bridge is presently required to open on signal at all times. The bridge owner, Massachusetts Highway Department (MHD), requested that the Coast Guard consider a change to the operating regulations for the Brightman Street Bridge to require one hour's advance notice for openings from November 1 through March 31, between 6 p.m. and 6 a.m., and two hours' from 6 p.m. to midnight on December 24th, all day on December 25th, and all day on January 1st.

The bridge-opening logs for the Brightman Street Bridge documented openings November 1st through March 31st, 6 p.m. to 6 a.m., as follows: 1995-1996, 11 openings; 1996-1997, 15 openings; and 1997-1998, 20 openings. The Coast Guard believes that it is

reasonable to allow this bridge to operate on one-hour's advance notice during the three days because there have been so few requests to open the bridge during them. The advance notice requirement for December 24th and 25th and January 1st has been granted each year by the Coast Guard as a result of a written request from the bridge owner. There have been no requests to open the bridge on those days according to the bridge-opening logs. This final rule will make the holiday advance-notice requirement for these three days a permanent part of the bridge operating regulations and will also change the regulations to relieve the bridge owner of the present requirement to crew the bridge during the winter months at night November 1st through March 31st from 6 p.m. to 6 a.m. daily.

Discussion of Comments and Changes

The Coast Guard received two comment letters in response to the notice of proposed rulemaking during the comment period. Both comment letters opposed the advance notice requirement during the winter months at night. The letters were from an attorney representing Shaws Boat Yard and Somerset Marina, Inc. The letters were identical in content. The letters requested a public hearing to discuss the proposed regulations, claiming that 65% to 75% of all hauling and launching of vessels at their facilities occur at night, November through March from 6 p.m. to 6 a.m. daily. The marinas indicated concern that they could lose business as a result of the bridge being placed on one hour's advance notice for openings during the winter months at night. They believe that the mariners would not be willing to provide the required one hour's notice for bridge openings. The bridge-opening logs for the last three years do not support this claim. The Coast Guard reached a decision for this final rule based upon the factual log data.
