

assemblies, laser and ink-jet printers, computer systems (desktop and portable personal computers, workstations, servers, mainframes, and supercomputers), networking equipment (network interface cards, hubs, routers, and LAN switches), software, telephone and telegraph apparatus (customer premises, switching, and transmission equipment) cellular radio telephones, fiber optic equipment, satellite communications systems (space and ground segments), and telecommunications and information services, or IT projects that have been constructed overseas and incorporate substantial U.S. products and/or services.

Extensive shelf-space and floor-space are available in this executive-style office.

Selection Process:

Items will be selected for exhibition on the basis of the following factors:

(1) Items must be produced in, or representative of services exported from, the United States and have at least a 51% U.S. content, including materials, equipment and labor (in the case of large development projects, the applicant should identify substantial U.S. products or services into the completed project). To highlight the impact of exports on small businesses, items will also be considered that are produced by U.S. companies that do not directly export but rather whose goods or services are incorporated into another company's for export.

(2) The items must relate to the industry selected by ITA and be suitable for exhibition in a limited space.

(3) The company must not be owned or controlled, indirectly or directly, by a foreign government.

(4) Items chosen should reflect diversity of company size, location, demographics, and traditional under-representation in business.

Other conditions: Displayed items will be considered loans to the Department. Companies will be responsible for shipment of the item to and from the Commerce Department, for obtaining appropriate insurance, and for all related costs.

Time Frame for Applications: Expressions of interest from the information technology sector should be received by January 15, 1999. Expressions of interest should be sent to the ITA official identified above.

A **Federal Register** notice will be published subsequently to announce the next sector to be highlighted.

Ambassador David L. Aaron,

Under Secretary for International Trade.

Troy H. Cribb,

Chairman, Committee for the Implementation of Textile Agreements.

Committee for the Implementation of Textile Agreements

December 16, 1998.

Commissioner of Customs,
Department of the Treasury, Washington, DC 20229.

Dear Commissioner: This directive amends, but does not cancel, the directive issued to you on December 19, 1997, by the Chairman, Committee for the Implementation of Textile Agreements. That directive concerns imports of certain cotton, wool and man-made fiber textile products, produced or manufactured in Guatemala and exported during the period which began on January 1, 1998 and extends through December 31, 1998.

Effective on December 17, 1998, you are directed to increase the guaranteed access level for Categories 347/348 to 1,750,000 dozen.

The Committee for the Implementation of Textile Agreements has determined that this action falls within the foreign affairs exception of the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,

Troy H. Cribb,

Chairman, Committee for the Implementation of Textile Agreements.
