

The Committee of Scientists was chartered to provide scientific and technical advice to the Secretary of Agriculture and the Chief of the Forest Service on improvements that can be made to the National Forest System land and resource management planning process (62 FR 43691; August 15, 1997). Notice of the names of the appointed Committee members was published December 16, 1997 (62 FR 65795).

Dated: December 18, 1998.

**Randle G. Phillips,**

*Acting Deputy Chief for National Forest System.*

### Bureau of the Census

[Docket No. 981211304-8304-01]

#### Annual Survey of Communication Services

**AGENCY:** Bureau of the Census, Commerce.

**ACTION:** Notice of Determination.

**SUMMARY:** In accordance with Title 13, United States Code, Sections 182, 224, and 225, I have determined that 1998 total operating revenue and expenses are needed for the telephone, radio and television broadcasting, cable and pay television, and other communication services industries to provide a sound statistical basis for the formation of policy by various governmental agencies, and that these data also apply to a variety of public and business needs. These data are not publicly available from nongovernment or other governmental sources.

**FOR FURTHER INFORMATION CONTACT:** Ruth A. Bramblett, Chief, Current Services Branch, Service Sector Statistics Division, on (301) 457-2766.

**SUPPLEMENTARY INFORMATION:** The Census Bureau is authorized to conduct surveys necessary to furnish current data on subjects covered by the major censuses authorized by Title 13, United States Code. This survey will provide continuing and timely national statistical data on communication services for the period between economic censuses. The next economic census is in 2002. This survey will yield 1998 estimates for the aforementioned industries. The data collected in this survey will be within the general scope and nature of those inquiries covered in the economic censuses.

The Census Bureau needs reports from only a limited sample of

communication firms in the United States. The probability of a firm's selection is based on revenue size (estimated from payroll). The sample will provide, with measurable reliability, national level statistics on total operating revenue and expenses for these industries. We will mail report forms to the firms covered by this survey and require their submission within 30 days after receipt.

This survey has been approved by the Office of Management and Budget (OMB), under OMB Control Number 0607-0706, in accordance with the Paperwork Reduction Act, Public Law 104-13. We will provide copies of the forms upon written request to the Director, Bureau of the Census, Washington, DC 20233.

Based upon the foregoing, I have directed that an annual survey be conducted for the purpose of collecting these data.

Dated: December 14, 1998.

**Kenneth Prewitt,**

*Director, Bureau of the Census.*

#### Service Annual Survey

**AGENCY:** Bureau of the Census, Commerce.

**ACTION:** Notice of Determination.

**SUMMARY:** In accordance with Title 13, United States Code, Sections 182, 224, and 225, I have determined that 1998 data on total receipts and total revenue and expenses for selected service industries are needed to provide a sound statistical basis for the formation of policy by various governmental agencies and that these data also apply to a variety of public and business needs. Selected service industries include personal, business, automotive, repair, amusement, health, social, and other professional service industries. These data are not publicly available from nongovernment or other governmental sources.

**FOR FURTHER INFORMATION CONTACT:** Ruth A. Bramblett, Chief, Current Services Branch, Service Sector Statistics Division, on (301) 457-2766.

**SUPPLEMENTARY INFORMATION:** The Census Bureau is authorized to conduct surveys necessary to furnish current data on subjects covered by the major censuses authorized by Title 13, United

States Code. This survey will provide continuing and timely national statistical data on selected service industries for the period between economic censuses. The next economic census is in 2002. This survey will yield 1998 estimates for the aforementioned industries. The data collected in this survey will be within the general scope and nature of those inquiries covered in the economic censuses.

The Census Bureau needs reports from only a limited sample of service firms in the United States. The probability of a firm's selection is based on receipts or revenue size (estimated from payroll). The sample will provide, with measurable reliability, national level statistics on receipts of taxable firms and revenue and expenses of firms and organizations exempt from federal income taxes. We will mail report forms to the firms covered by this survey and require their submission within 30 days after receipt.

This survey has been approved by the Office of Management and Budget (OMB), under OMB approval Control Number 0607-0422, in accordance with the Paperwork Reduction Act, Pub. L. 104-13. We will provide copies of the forms upon written request to the Director, Bureau of the Census, Washington, DC 20233.

Based upon the foregoing, I have directed that an annual survey be conducted for the purpose of collecting these data.

#### Transportation Annual Survey

**AGENCY:** Bureau of the Census, Commerce.

**ACTION:** Notice of Determination.

**SUMMARY:** In accordance with Title 13, United States Code, sections 182, 224, and 225, I have determined that 1998 operating revenue and total operating expenses are needed for the for-hire trucking industry, and total operating revenues are needed for public warehousing industries to provide a sound statistical basis for the formation of policy by various governmental agencies, and that these data also apply to a variety of public and business
