**FOR FURTHER INFORMATION CONTACT:** Ruth A. Bramblett, Chief, Current Services Branch, Services Sector Statistics Division, on (301) 457-2766.

**SUPPLEMENTARY INFORMATION:** The Census Bureau is authorized to conduct surveys necessary to furnish current data on subjects covered by the major censuses authorized by Title 13, United States Code. This survey will provide continuing and timely national statistical data on trucking and warehousing services for the period between economic censuses. The next economic census is in 2002. This survey will yield 1998 estimates for the aforementioned industries. The data collected in this survey will be within the general scope and nature of those inquiries covered in the economic censuses.

The Census Bureau needs reports from only a limited sample of trucking and warehousing firms in the United States. The probability of a firm's selection in this sample is based on revenue size (estimated from payroll). The sample will provide, with measurable reliability, national level statistics on total revenue and total operating expenses for the for-hire trucking industry, as well as total operating revenue for public warehousing. We will mail report forms to the firms covered by this survey and require their submission within 30 days after receipt.

This survey has been approved by the Office of Management and Budget (OMB), under OMB Control Number 0607-0798, in accordance with the Paperwork Reduction Act, Pub. L. 104-13. We will provide copies of the forms upon written request to the Director, Bureau of the Census, Washington, DC 20233.

Based upon the foregoing, I have directed that an annual survey be conducted for the purpose of collecting these data.

Dated: December 14, 1998.

#### The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act) are to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR part 351 (1998).

#### Extension of Time Limits for Final Results

The Department of Commerce has received a request to conduct an administrative review of the antidumping duty order on certain corrosion-resistant carbon steel flat products and certain cut-to-length carbon steel plate from Canada. On September 25, 1997 (62 FR 50292), the Department initiated this antidumping administrative review covering the period August 1, 1996 through July 31, 1997.

Because these cases involve a number of complex issues and the Department must review data and comments recently placed on the record, it is not practicable to complete this review within the time limits mandated by section 751(a)(3)(A) of the Act. Therefore, in accordance with that section, the Department is extending the time limits for the final results to January 2, 1999. See "Extension of Time Limit for the Review of Certain Corrosion-Resistant Carbon Steel Plate Flat Products and Certain Cut-to-Length

Carbon Steel Plate from Canada." This extension of time limits is in accordance with section 751(a)(3)(A) of the Act.
