

Administrator of the TRS Fund. The Commission's rules require all carriers providing interstate telecommunication services to contribute to the TRS Fund on an annual basis. Contributions are the product of the carrier's gross interstate revenues for the previous year and a contribution factor determined annual by the Commission. The collected contributions are used to compensate TRS providers for the costs of providing interstate TRS service. The Commission releases an order each year approving the contribution factor, payment rate, and TRS Fund Worksheet for the following year. Accordingly, on December 22, 1997, the Commission's Common Carrier Bureau, acting under delegated authority, released an order approving the contribution factor for the April 1998 through March 1999 contribution period and the 1998 TRS Fund Worksheet (FCC Form 431) and also making several revisions to the form. The data in the report will be used to ensure that carriers properly fund interstate TRS. All carriers providing interstate telecommunications service must file this worksheet. Other telecommunications carriers may voluntarily file this worksheet. The requested information is used to administer the TRS Fund. Information is used to calculate a national average to recover the total interstate TRS revenue requirements and to determine the appropriate payment due to the TRS providers participating in the shared-funding plan.
