Columbia Energy Group (70-9425)

Columbia Energy Group ("Columbia"), a registered holding company, located at 13880 Dulles Corner Lane, Herndon, VA 20171-4600, has filed an application-declaration under section 6(a)(2), 7 and 12(e) of the Act, and rules 62 and 65 under the Act.

Columbia proposes to amend its Restated Certificate of Incorporation to: (1) increase the number of shares of common stock authorized to be issued from 100 million to 200 million; and (2) reduce the par value of its capital stock from \$10 to \$.01 per share ("Proposed Amendment"). Columbia has no immediate plans for the additional shares of the common stock. However, the increase in authorized shares may be used in connection with future stock splits in the form of stock dividends, acquisitions and other transactions, employee benefit plans and for other corporate purposes. The change in par value is intended to bring Columbia in line with the practice of other corporations, including registered holding companies, which already have so-called "penny" par stock. The reduction in par value would also mitigate the effect on Columbia's retained earnings account in the event that the company declared another stock split in the form of a stock dividend. The proposed reduction in par value would be affected by a reduction in the capital stock account and a corresponding increase in the additional paid in capital account and thus would have no impact on Columbia's capital structure.

The Proposed Amendment has been declared advisable by the Board of Directors of Columbia and its adoption requires the favorable vote of the holders of a majority of the outstanding shares of common stock of Columbia. Columbia plans to submit the Proposed Amendment for consideration and action by its shareholders and to solicit proxies from its shareholders.

For the Commission, by the Division of Investment Management, under delegated authority.

Margaret H. McFarland,

Deputy Secretary.
