DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Federal Financial Participation in State Assistance Expenditures; Federal Matching Shares for Temporary Assistance to Needy Families, Medicaid, Aid to Needy Aged, Blind, or Disabled Persons and for the new Children's Health Insurance Programs for October 1, 1999 through September 30, 2000

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: The Federal Medical Assistance Percentages and Enhanced Federal Medical Assistance Percentages for Fiscal Year 2000 have been calculated pursuant to the Social Security Act (the Act). These percentages will be effective from October 1, 1999 through September 30, 2000. This notice announces the calculated "Federal Medical Assistance Percentages" and "Enhanced Federal Medical Assistance Percentages" that we will use in determining the amount of Federal matching in State medical and medical insurance expenditures and for the annual reconciliation of contingency funds under Title IV-A. The table gives figures for each of the 50 States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands. Programs under title XIX of the Act exist in each jurisdiction; programs under titles I, X, and XIV operate only in Guam and the Virgin Islands; while a program under title XVI (AABD) operates only in Puerto Rico. Programs under title XXI are new. They began functioning in 1998. The percentages in this notice apply to State expenditures for assistance payments, medical services and medical insurance services (except family planning which is subject to a higher matching rate). The statute provides separately for Federal matching of administrative costs.

Section 1905(b) and 2105(b) of the Act, as revised by section 9528 of Pub. L. 99-272, require the Secretary of Health and Human Services to publish these percentages each year. The Secretary is to figure the percentages, by formulas in sections 1905(b) and 2105(b) of the Act, from the Department of Commerce's statistics of average income per person in each State and in the Nation as a whole. The percentages are within the upper and lower limits given in those two sections of the Act. The statute specifies the percentages to be applied to Puerto Rico, the Virgin
