SUMMARY: The FAA proposes to establish 11 jet routes located in the State of Alaska (AK). The FAA is proposing this action to improve the management of air traffic operations in the State of Alaska and to enhance safety.

DATES: Comments must be received on or before March 1, 1999.

ADDRESSES: Send comments on the proposal in triplicate to: Manager, Air Traffic Division, AAL-500, Docket No. 98-AAL-13, Federal Aviation Administration, 222 West 7th Avenue, #14, Anchorage, AK 99533.

The official docket may be examined in the Rules Docket, Office of the Chief Counsel, Room 916, 800 Independence Avenue, SW., Washington DC, weekdays, except Federal holidays, between 8:30 a.m. and 5:00 p.m.

An informal docket may also be examined during normal business hours at the office of the Regional Air Traffic Division.

FOR FURTHER INFORMATION CONTACT: Joseph C. White, Airspace and Rules Division, ATA-400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:**Comments Invited**

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify the airspace docket number and be submitted in triplicate to the address listed above. Commenters wishing the

FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Airspace Docket No. 98-AAL-13." The postcard will be date/time stamped and returned to the commenter. All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of comments received. All comments submitted will be available for examination in the Rules Docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRM's

Any person may obtain a copy of this NPRM by submitting a request to the Federal Aviation Administration, Office of Air Traffic Airspace Management, ATA-400, 800 Independence Avenue, SW., Washington, DC 20591, or by calling (202) 267-8783.

Communications must identify the notice number of the NPRM. Persons interested in being placed on a mailing list for future NPRM's should call the FAA's Office of Rulemaking, (202) 267-9677, and request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 (part 71) to establish 11 jet routes in AK, specifically, J-600, J-601, J-602, J-603, J-604, J-605, J-606, J-609, J-617, J-619, and J-711.

Presently, there are a number of uncharted nonregulatory routes that use the same routings as these proposed jet routes. The current routings are used daily by air carrier and general aviation aircraft. The FAA is proposing this action to establish these 11 jet routes for

the following reasons: (1) The conversion of these uncharted nonregulatory routes to jet routes would add to the instrument flight rules (IFR) airway and route infrastructure in Alaska; (2) pilots would be provided with minimum en route altitudes and minimum obstruction clearance altitudes information; (3) this amendment would establish controlled airspace, thus eliminating some of the commercial IFR operations in uncontrolled airspace; and (4) addition of these routes would improve the management of air traffic operations and thereby enhance safety.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Jet routes are published in paragraph 2004 of FAA Order 7400.9F dated September 10, 1998, and effective September 16, 1998, which is incorporated by reference in 14 CFR 71.1. The jet routes listed in this document would be published subsequently in the Order.
