SUPPLEMENTARY INFORMATION:

Background

PPVA instruments are used to collect project and aggregate volunteer demographic and activity data from project sponsors funded under the Retired and Senior Volunteer Program

(RSVP), Foster Grandparent Program (FGP), and Senior Companion Program (SCP). Data collection instruments have been in use for this purpose at least 2 decades in each of the programs. OMB approves data collection instruments for a maximum of 3 years at a time. Current 3-year approval ends in June 1999.

Current Action

The Corporation has initiated review and 3-year OMB approval on the PPVA instruments through 2002. As proposed revisions are minor, no change will result in the per-response burden of the data collection. However, the proposed reduction in frequency of reporting from annually to every two years will halve the average annual hour burden on individual respondents.

Proposed changes to all three existing instruments include the following:

- Reduce the frequency of submission from annually to every two years starting in 1999.
- Sponsor Type—Allow sponsors to check multiple types if applicable. Add “Indian Tribes” and “Volunteer Management Organization” to options.
- Add question on availability of access to the Internet.
- Question 1—Budgeted Volunteers/VSYs—Delete.

Modifications to the RSVP instrument include the following:

- Stations—Add “Museums” and “Other Public Agencies Not Elsewhere” to the list of options. Split Schools into “Schools-Elementary” and “Schools-Secondary”.
- Shorten service hour category names consistent with OMB-approved Accomplishment Survey.
- Category 201—Move Senior Center group programs not providing adult day care services to new category 213.
- Category 305—Move programs for dropouts to category 334 with GED programs.
- Category 312—Incorporate child literacy programs from category 336.
- Category 336—Delete; contents will be split between categories 312 and 338 by age.
- Category 338—Incorporate adult literacy activities from category 336.

Modifications to the FGP and SCP instruments include the following:

- Question 3—Revise age groupings for better consistency with RSVP and Census groupings. New groups are 60–64, 65–74, 75–84, 85+.
- Add a question on how many potential volunteers were ineligible due to over-income status.
- SCP Stations—Delete “Nutrition Sites” and add “Public Health Agencies”.

Type of Review: Renewal.

Agency: Corporation for National and Community Service.

Title: Project Profile and Volunteer Activity Survey.

OMB Number: 3045–0029

Agency Number: 1021–FGP, 1021–RSVP, 1021–SCP.

Affected Public: Organizations that receive grants under the Retired and Senior Volunteer Program, Foster Grandparent Program, and Senior Companion Program.

Total Respondents: 1,300.

Frequency: Every two years.

Average Time Per Response: 8.1 hours RSVP; 5.1 hours FGP; and 3.7 hours SCP.

Estimated Total Burden Hours: 4,338 hours annualized.

Total Burden Cost (capital/startup): \$11,100.

Total Burden Cost (operating/maintenance): \$650.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: January 14, 1999.

Thomas L. Bryant,

Acting General Counsel.
