

1. Development of a large deployment marshaling area near an existing railhead facility: Whereby, new railroad tracks, loading docks, switching facilities, hardstand areas, and fencing would be developed.

2. Redesignation of land use: Whereby, land use zoning would be redesignated to provide for the construction of new and expansion of existing motor pool areas.

3. Probable construction projects: Whereby, the following projects would be completed: (1) new multiple launch rocket system (MLRS) range firing points in the training areas; (2) a liquid fuel facility; (3) a unit movements facility; and (4) a con-tingency warehouse.

Public scoping meetings will be held in the vicinity of Fort Sill to facilitate input to the EIS process by citizens and organizations. The date and time of these meetings will be announced to the general media and will be at times and locations convenient to the public. To be considered in the Draft EIS, comments and suggestions should be received not later than 15 days following the public scoping meeting.

Dated: January 14, 1999.

Raymond J. Fatz,

Deputy Assistant Secretary of the Army (Environment, Safety and Occupational Health), OASA(I,L&E).

BILLING CODE 3710-08-M

DEPARTMENT OF DEFENSE

Defense Logistics Agency

Privacy Act of 1974; Computer Matching Program

AGENCY: Defense Manpower Data Center, Defense Logistics Agency, DoD.
ACTION: Notice of a Computer Matching Program.

SUMMARY: Subsection (e)(12) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a) requires agencies to publish advance notice of any proposed or revised computer matching program by the matching agency for public comment. The Department of Defense (DoD), as the matching agency under the Privacy Act, is hereby giving constructive notice in lieu of direct notice to the record subjects of a computer matching program between the Department of the Treasury and DoD that their records are being matched by computer. The record subjects are delinquent debtors of the Bureau of the Public Debt, Department of the Treasury, who are current or former

Federal employees receiving any Federal salary or benefit payments and who are indebted or delinquent in their repayment of debts to the United States Government under certain programs administered by the Public Debt.

DATES: This proposed action will become effective February 24, 1999 and matching may commence unless changes to the matching program are required due to public comments or by Congressional or by Office of Management and Budget objections.

Any public comment must be received before the effective date.

ADDRESSES: Any interested party may submit written comments to the Director, Defense Privacy Office, 1941 Jefferson Davis Highway, Suite 920, Arlington, VA 22202-4502.

FOR FURTHER INFORMATION CONTACT: Mr. Vahan Moushegian, Jr. at (703) 607-2943.

SUPPLEMENTARY INFORMATION: Pursuant to subsection (o) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a), the Department of the Treasury and the Defense Manpower Data Center (DMDC) have concluded an agreement to conduct a computer matching program. The purpose of the match is to exchange personal data between the agencies for debt collection. The match will yield the identity and location of the debtors within the Federal Government so that the Bureau can pursue recoupment of the debt by voluntary payment or by administrative or salary offset procedures. Computer matching appeared to be the most efficient and effective manner to accomplish this task with the least amount of intrusion of personal privacy of the individuals concerned. It was therefore concluded and agreed upon that computer matching would be the best and least obtrusive manner and choice for accomplishing this requirement.

A copy of the computer matching agreement between the Department of the Treasury and DMDC is available to the public upon request. Requests should be submitted to the address caption above or to the Debt Collection Officer, Bureau of Public Debt, Hintgen Building, Room 114, P.O. Box 1328, Parkersburg, WV 26106-1328.

Set forth below is the notice of the establishment of the computer matching program required by paragraph 6.c. of the Office of Management and Budget Guidelines on computer matching published on June 19, 1989, at 54 FR 25818.

The matching agreement, as required by 5 U.S.C. 552a(r) of the Privacy Act, and an advance copy of this notice was submitted on January 12, 1999, to the House Committee on Government

Reform and Oversight, the Senate Committee on Governmental Affairs, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget pursuant to paragraph 4d of Appendix I to OMB Circular No. A-130, 'Federal Agency Responsibilities for Maintaining Records about Individuals,' dated February 8, 1996 (February 20, 1996, 61 FR 6427).

Dated: January 19, 1999.

L. M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

COMPUTER MATCHING PROGRAM BETWEEN THE DEPARTMENT OF THE TREASURY/BUREAU OF PUBLIC DEBT, AND THE DEFENSE MANPOWER DATA CENTER AND THE DEPARTMENT OF DEFENSE FOR DEBT COLLECTION.

A. Participating agencies: Participants in this computer matching program are the Bureau of Public Debt, Department of the Treasury and the Defense Manpower Data Center (DMDC), Department of Defense (DoD). The Bureau of Public Debt is the source agency, i.e., the agency disclosing the records for the purpose of the match. DMDC is the specific recipient or matching agency, i.e., the agency that actually performs the computer matching.

B. Purpose of the match: The purpose of the match is to identify and locate any matched Federal personnel, employed, serving or retired, who owe delinquent debts to the Federal Government under certain programs administered by the Bureau of Public Debt. The Bureau will use this information to initiate independent collection of those debts under the provisions of the Debt Collection Act of 1982, as amended, when voluntary payment is not forthcoming. These collection efforts will include requests by the Bureau of the military service/employing agency in the case of military personnel (either active, reserve, or retired) and current non-postal civilian employees, and to the Office of Personnel Management in the case of retired non-postal civilian employees to apply administrative and/or salary offset procedures until such time as the obligation is paid in full.

C. Authority for conducting the match: The legal authority for conducting the matching program is contained in the Debt Collection Act of 1982 (Public Law 97-365), as amended by the Debt Collection Improvement Act of 1996 (Public Law 104-134, section

31001); 31 U.S.C. Chapter 37, Subchapter I (General) and Subchapter II (Claims of the United States Government), 31 U.S.C. 3711 Collection and Compromise, 31 U.S.C. 3716 Administrative Offset, 5 U.S.C. 5514 Installment Deduction for Indebtedness (Salary Offset); 10 U.S.C. 135, Under Secretary of Defense (Comptroller) Section 101(l) of Executive Order 12731; 4 CFR 101.1-105.3, Federal Claims Collection Standards; 5 CFR 550.1101 550.1108 Collection by Offset from Indebted Government Employees (OPM) and 31 CFR Part 5, Subparts B and D (Department of Treasury).

D. *Records to be matched:* The systems of records maintained by the respective agencies under the Privacy Act of 1974, as amended, from which records will be disclosed for the purpose of this computer match are as follows:

1. The Bureau of Public Debt will use personal data from the following record systems for the match:

A. Treasury/BPD.001, entitled 'Human Resources and Administrative Records,' last published in the Federal Register at 63 FR 69936, December 17, 1998.

B. Treasury/BPD.002, entitled 'United States Savings Type Securities,' last published in the Federal Register at 63 FR 69938, December 17, 1998.

C. Treasury/BPD.003, entitled 'United States Securities (Other than Savings Type Securities),' last published in the Federal Register at 63 FR 69940, December 17, 1998.

D. Treasury/DO.002, entitled 'Treasury Integrated Management Information System (TIMIS),' last published in the Federal Register at 63 FR 69719, December 17, 1998.

E. Treasury/DO.210, entitled 'Treasury Integrated Financial Management and Revenue System,' last published in the Federal Register at 63 FR 69741, December 17, 1998.

F. Treasury/DO.211, entitled 'Telephone Call Detail Records,' last published in the Federal Register at 63 FR 69743, December 17, 1998.

2. DOD will use personal data from the record system identified as S322.11 DMDC, entitled 'Federal Creditor Agency Debt Collection Database,' last published in the Federal Register at 61 FR 32779, June 25, 1996.

E. *Description of computer matching program:* The Bureau of Public Debt, as the source agency, will provide DMDC with an electronic file which contains the names of delinquent debtors in programs the Bureau administers. Upon receipt of the electronic file of debtor accounts, DMDC will perform a computer match using all nine digits of

the SSN of the Bureau's file against a DMDC computer database. The DMDC database, established under an interagency agreement between DOD, OPM, OMB and the Treasury Department, consists of employment records of non-postal Federal employees and military members, active and retired. The 'hits' or matches will be furnished to the Bureau. The Bureau is responsible for verifying and determining that the data on the DMDC reply tape file are consistent with the Bureau's source file and for resolving any discrepancies or inconsistencies on an individual basis. The Bureau will also be responsible for making final determinations as to positive identification, amount of indebtedness and recovery efforts as a result of the match.

The electronic file provided by the Bureau of Public Debt will contain data elements of the debtor's name, SSN, internal account numbers and the total amount owed for each debtor on approximately 2000 delinquent debtors. The electronic file provided by DMDC will contain an individual's name, SSN, military service or employing agency and current work or home address.

The DMDC computer database file contains approximately 4.8 million records of active duty and retired military members, including Reserve and Guard, and approximately 3.5 million records of active and retired non-postal Federal civilian employees.

F. *Inclusive dates of the matching program:* This computer matching program is subject to review by the Office of Management and Budget and Congress. If the mandatory 30 day period for public comment has expired and if no objections are raised by either Congress or the Office of Management and Budget within 40 days of being notified of the proposed match, the computer matching program becomes effective and the respective agencies may begin the exchange of data at a mutually agreeable time on an annual basis. By agreement between the Department of the Treasury and DoD, the matching program will be in effect and continue for 18 months with an option to extend for 12 additional months unless one of the parties to the agreement advises the other by written request to terminate or modify the agreement.

H. *Address for receipt of public comments or inquiries:* Director, Defense Privacy Office, 1941 Jefferson Davis Highway, Suite 920, Arlington,

VA 22202-4502. Telephone (703) 607-2943.

BILLING CODE 5000-04-F

DEPARTMENT OF DEFENSE

Department of the Army

Intent To Prepare a Draft Environmental Impact Statement (DEIS) for Waukegan Harbor, Lake County, Illinois as Part of the Comprehensive Dredging Management Plan (CDMP)

AGENCY: U.S. Army Corps of Engineers, Department of Defense.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers, Chicago District maintains Waukegan Harbor, a Federally authorized, commercial deep-draft navigation project on Lake Michigan. Maintenance dredging has not been performed on inner portions of the harbor since 1971, due to elevated levels of contaminants in the sediment, particularly polychlorinated biphenyls (PCBs) and lack of an acceptable disposal site for confinement of these sediments. Sediment in the outermost portion of the Federal Channel beyond the breakwater, is clean, does not require confined disposal and has been dredged routinely since completion of the harbor.

The Chicago District has been working closely with the Illinois Environmental Protection Agency (IEPA), the U.S. Environmental Protection Agency (USEPA), The Waukegan Port District, and the Waukegan Citizen's Advisory Group (CAG) to develop a Comprehensive Dredging Management Plan for Waukegan Harbor. The plan has three primary objectives: (1) re-establish a regular maintenance dredging program for the inner harbor area; (2) deepen the navigation channels to accommodate more economical, deeper draft vessels; and (3) clean-up all contaminated unconsolidated sediment within the harbor. Approximately 550,000 cubic yards of sediments need to be removed from the harbor to meet these objectives. The EIS will evaluate sediment removal, transport, and disposal and management alternatives developed as part of the Waukegan Harbor CDMP.

FOR FURTHER INFORMATION CONTACT: Dr. Phil Moy, EIS Coordinator (312) 353-6400 extension 2021 or Ms. Joan Albert, Project Manager, (312) 353-6400 extension 2004; U.S. Army Corps of Engineers, Chicago District; 111 North
