[Project No. 11282-001 Rhode Island]

Summit Hydropower; Notice Modifying and Establishing a Restricted Service List for Comments on a Programmatic Agreement for Managing Properties Included in or Eligible for Inclusion in the National Register of Historic Places

January 22, 1999.

On September 8, 1998, the Commission issued a notice for Project No. 11282 proposing to establish a restricted service list for the purpose of developing and executing a programmatic agreement for managing properties included in or eligible for inclusion in the National Register of Historic Places.

The existing project features—Scituate Reservoir, Gainer Dam, generating unit, powerhouse, meter chamber, and appurtenant structures—are owned by the Providence Water Supply Board. Construction, operation, and maintenance of the proposed project would directly affect all of these features.

Rule 2010 of the Commission's Rules of Practice and Procedure provides that, to eliminate unnecessary expense or improve administrative efficiency, the Secretary may establish a restricted service list for a particular phase or issue in a proceeding.¹ The restricted service list should contain the names of persons on the service list who, in the judgment of the decisional authority establishing the list, are active participants with respect to the phase or issue in the proceeding for which the list is established.

The following addition is made to the proposed restricted service list notice issued on September 8, 1998, for Project No. 11282: Providence Water Supply Board, 552 Academy Avenue, Providence, RI 02908.

Any person on the official service list for the above-captioned proceedings may request inclusion on the restricted service list, or may request that a restricted service list not be established, by filing a motion to that effect within 15 days of this notice date. An original and 8 copies of any such motion must be filed with the Secretary of the Commission (888 First Street, NE, Washington, DC 20426) and must be served on each person whose name appears on the official service list. If no such motions are filed, the restricted service list will be effective at the end

of the 15-day period. Otherwise, a further notice will be issued ruling on the motion.

David P. Boergers,*Secretary.*

Notice of Meetings, Open to the Public, of the Multi-Agency Radiation Laboratory Protocols Manual Development Working Group**AGENCY:** Environmental Protection Agency, lead.**ACTION:** Meetings open to the public.

SUMMARY: The Environmental Protection Agency (EPA) is announcing that the

¹ 18 CFR 385.2010.

Department of Defense, Department of Energy, Environmental Protection Agency, Food and Drug Administration, National Institute of Standards and Technology, Nuclear Regulatory Commission, and U.S. Geological Survey are meeting to develop a joint interagency guidance manual for programs and laboratories to use when planning and implementing the analysis of environmental samples for radioactivity. The manual uses a performance based approach and will provide guidance to both project planners and laboratory personnel. The guidance is being developed as a draft document, entitled the Multi-Agency Radiation Laboratory Protocols (MARLAP) Manual, and it is anticipated that the final product will be a consensus document each agency can agree upon and adopt. Meetings of the group are open to the public on a first come, space available basis with advance registration. The agenda for this meeting will be available on the appropriate INTERNET sites listed below.

DATES, ADDRESS, AND REGISTRATION: A meeting will be held on February 8, 9, 10, from 9:00 AM until 5:30 PM and on February 11 from 8:30 AM until 12:30 PM. The meeting will be held at the National Institute of Standards and Technology (NIST), Gaithersburg, MD, Building 245, Room C-301. Persons wishing to attend this meeting should contact Kenneth Inn at 301-975-5541 to register. National Environmental Justice Advisory Council Workgroup on Waste Transfer Stations; Notice of Public Meeting

AGENCY: Environmental Protection Agency.

ACTION: Notice of public meeting.

SUMMARY: The National Environmental Justice Advisory Council (NEJAC) working group on Waste Transfer Stations (WTS) and the United States Environmental Protection Agency (EPA) is sponsoring a meeting in Washington, DC on February 17, 1999. The purpose of the meeting is for the working group to gather information related to potential environmental issues related to Waste Transfer Stations nationwide. Information gathered from these hearings will be gathered in a report for recommendations to EPA from the NEJAC.

The WTS working group was formed after a NEJAC resolution calling for EPA to "examine the risks from the siting and operation of Waste Transfer Stations for the purpose of determining its regulatory responsibilities and prescribe requirements to reduce health risks associated with such facilities." The WTS working group consists of representatives of community based organizations, business interests, and elected officials from impacted communities for the purposes of advising on the design and implementation of the WTS study.

To examine waste transfer stations in New York, the working group hosted a fact-finding meeting in New York on November 10, 1998. The Washington, DC meeting will be held on February 17, 1999 at the Washington Convention Center from 8:30 to 5:30. The Washington Convention Center is located at 900 Ninth Street, NW, Washington, DC.
