DEPARTMENT OF DEFENSE**Department of the Army****Notice of Intent To Prepare an Environmental Impact Statement (EIS) for the Disposal, Transfer or Retention of the Family Housing at Fort Buchanan, Puerto Rico**

AGENCY: Department of the Army, DoD.

ACTION: Notice of intent.

SUMMARY: The Department of the Army will prepare an EIS for the disposal, transfer or retention of family housing at Fort Buchanan, Puerto Rico.

The proposed action is to implement the recommendation of the 1995 Defense Base Closure and Realignment (BRAC) Commission under Public Law 101-510 to dispose of family housing at Fort Buchanan, Puerto Rico.

ADDRESSES: Questions should be directed to Mr. Glen Coffee, U.S. Army Engineer District, Mobile (ATTN:

CESAM-PD-EO, 109 St. Joseph Street, Mobile, Alabama 36602.

FOR FURTHER INFORMATION CONTACT: Mr. Glen Coffee at (334) 690-2729.

SUPPLEMENTARY INFORMATION: The EIS will address the environmental and socioeconomic effects associated with implementing the Commission's recommendation to dispose of the 361 units of family housing located in four housing areas on Fort Buchanan. The EIS will analyze the following alternatives for disposal, transfer or retention of the housing: reuse of the property by the local community; transfer of the family housing to other Federal agencies; demolition of some or all of the housing units; a commercial residential development alternative; a combination of these alternatives; and a no action alternative. Under the no action alternative, the Army will analyze the effects of retaining the housing to meet the Army's future housing needs. The no action alternative affords a baseline for comparison of no other alternatives. The Army, with the approval of the Secretary of Defense, could decide to retain some or all of the family housing. The Secretary of Defense has authority to do so under the 1999 Defense Appropriations Act.

A draft EIS will be published in 1999 and will be made available for a 45-day public comment period. The final EIS is expected to be published in 2000 and will be made available for public comment during a 30-day waiting period after its publication.

A public scoping meeting will be held in the San Juan-Fort Buchanan area with the time and place to be announced. Comments received will be used to assist the Army in developing issues and identifying potential impacts to the quality of the human environment.

Dated: January 20, 1999.
