INTERNATIONAL TRADE COMMISSION

[Investigation 332-404]

Methyl Tertiary Butyl Ether (MTBE): Conditions Affecting the Domestic Industry

Effective Date: January 27, 1999.

AGENCY: United States International Trade Commission.

ACTION: Institution of investigation and scheduling of public hearing.

SUMMARY: Following receipt of a request on December 23, 1998, from the United States Trade Representative (USTR), the Commission instituted investigation No. 332-404, Methyl Tertiary Butyl Ether (MTBE): Conditions Affecting the Domestic Industry, under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)).

FOR FURTHER INFORMATION CONTACT:

Industry-specific information may be obtained from Ms. Elizabeth R. Nesbitt, the Project Leader (202-205-3355) or Mr. Christopher Robinson, the Deputy Project Leader (202-205-2334), Office of Industries, U.S. International Trade Commission, Washington, DC, 20436. For information on the legal aspects of this investigation contact Mr. William Gearhart of the Office of the General Counsel (202-205-3091). Hearing impaired individuals are advised that information on this matter can be obtained by contacting the TDD terminal on (202) 205-1810.

Background

The USTR requested that the Commission conduct an investigation and provide a report concerning conditions affecting the U.S. methyl tertiary butyl ether (MTBE) industry. The Commission is requested to provide the study within 9 months of receipt of the letter, or by September 23, 1999.

As requested by the USTR, the Commission will provide the following information in its report, to the extent that such information is available:

- (1) an overview of the global market for MTBE, including consumption, production, capacity, and trade trends during 1994-98, emphasizing the United States and Saudi Arabia;
- (2) a description of the domestic MTBE market, and the major factors affecting it, including imports of MTBE, especially from Saudi Arabia;
- (3) an overview of the current MTBE production processes, with information on costs of production, including those of its major raw material components, and the principal sources of these feedstocks in the United States, as well as in Saudi Arabia; and
- (4) profiles of the U.S. and Saudi Arabian MTBE industries and importers, including information on their patterns of ownership and investment, as well as government policies affecting production, investment, and trade of MTBE. Examples of such policies identified by the USTR include industrial policies, trade policies, and other governmental measures that may affect the cost of raw materials, transportation, and other relevant competitive factors.

In the request letter, the USTR notes that the United States is a significant producer and consumer of MTBE, a chemical used primarily as an oxygenate for gasoline. The USTR stated

that U.S. producers of MTBE have expressed concerns about competitive conditions affecting their industry, including increased MTBE imports from Saudi Arabia, and that the producers believe that these increased imports are the indirect result of the Saudi Arabian government's provision of butane feedstock to domestic MTBE producers at a substantial discount to world market prices.

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Wendell Leondrus Chestnut, M.D. Revocation of Registration

On July 23, 1997, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA), issued an Order to Show Cause to Wendell Leondrus Chestnut, M.D., of Philadelphia, Pennsylvania, notifying him of an opportunity to show cause as to why DEA should not revoke his DEA Certificate of Registration AC2513972 under 21 U.S.C. 824(a)(3), and deny any

pending applications for registration pursuant to 21 U.S.C. 823(f), for reason that he is not currently authorized to handle controlled substances in the Commonwealth of Pennsylvania. The order also notified Dr. Chestnut that should no request for a hearing be filed within 30 days, his hearing right would be deemed waived.

Dr. Chestnut was ultimately served with the Order to Show Cause on January 23, 1998. No request for a hearing or any other reply was received by the DEA from Dr. Chestnut or anyone purporting to represent him in this matter. Therefore, the Deputy Administrator, finding that (1) 30 days have passed since the receipt of the Order to Show Cause, and (2) no request for a hearing having been received, concludes that Dr. Chestnut is deemed to have waived his hearing right. After considering material from the investigative file in this matter, the Deputy Administrator now enters his final order without a hearing pursuant to 21 CFR 1301.43 (d) and (e) and 1301.46

The Deputy Administrator finds that effective October 22, 1996, the Commonwealth of Pennsylvania, State Board of Medicine indefinitely suspended Dr. Chestnut's license to practice medicine and surgery in Pennsylvania based upon his failure to purchase professional liability insurance and to pay annual surcharges since January 1992. Dr. Chestnut did not present any evidence to indicate that he is licensed to practice medicine in Pennsylvania.

The Deputy Administrator finds that Dr. Chestnut is not currently licensed to practice medicine in the Commonwealth of Pennsylvania and therefore, it is reasonable to infer that he is not currently authorized to handle controlled substances in that state. The DEA does not have the statutory authority under the Controlled Substances Act to issue or maintain a registration if the applicant or registrant is without state authority to handle controlled substances in the state in which he conducts his business. 21 U.S.C. 802(21), 823(f) and 824(a)(3). This prerequisite has been consistently upheld. See *Romeo J. Perez, M.D.*, 62 FR 16,193 (1997); *Demetris A. Green, M.D.*, 61 FR 60,728 (1996); *Dominick A. Ricci, M.D.*, 58 FR 51,104 (1993).

Here it is clear that Dr. Chestnut is not currently authorized to handle controlled substances in the Commonwealth of Pennsylvania. As a result, Dr. Chestnut is not entitled to a DEA registration in that state.

Accordingly, the Deputy Administrator of the Drug Enforcement
