Brass Sheet and Strip From The Netherlands: Notice of Extension of Time Limits for Sixth Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: February 5, 1999.

FOR FURTHER INFORMATION CONTACT: Jarrod Goldfeder or John Brinkmann, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, DC 20230; telephone (202) 482-1784 and (202) 482-5288, respectively.

SUPPLEMENTARY INFORMATION:

Postponement of Preliminary Results

On September 29, 1998, the Department initiated the sixth administrative review of the antidumping duty order on brass sheet and strip from The Netherlands,

covering the period August 1, 1997 through July 31, 1998 (63 FR 51893). The current deadline for the preliminary results of this review is May 3, 1999. Section 751(a)(3)(A) of the Tariff Act of 1930, as amended by the Uruguay Round Agreements Act ("the Act"), requires the Department to make a preliminary determination in an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) allows the Department to extend this time period to up to 365 days. Because of several complex issues unique to this review, it is not practicable to complete the review within the current time frame. Therefore, the Department is extending the time limit for completion of the preliminary results of this administrative review by 120 days, or until August 31, 1999. We plan to issue the final results of this administrative review within 120 days after publication of the preliminary results.

Submission of New Factual Information

In response to OBV's request for revocation of this order, the Department is allowing parties to submit information regarding the likelihood of future dumping. Pursuant to section 351.222(b)(2) of the Department's regulations (1998), the Department may revoke an order in part "if the Secretary concludes that: (1) One or more exporters or producers covered by the order have sold the merchandise at not less than normal value for a period of at least three consecutive years; (2) It is not likely that those persons will in the future sell the subject merchandise at less than normal value; and (3) The exporter or producer agrees to immediate reinstatement of the order if the Secretary concludes that dumping has resumed.

In past reviews the Department has established a process for the submission of factual information on the issue of whether likelihood of future dumping exists (see Preliminary Results of Antidumping Duty Administrative Review and Notice of Intent Not to Revoke Order: Dynamic Random Access Memory Semiconductors of One Megabit or Above from the Republic of Korea, 62 FR 12794 (March 18, 1997)). Thus, at this time, we are providing all interested parties the opportunity to submit any such information which they believe the Department should consider when determining the likelihood of future dumping.

The deadline for submission of this information for consideration in the preliminary results is April 1, 1999. Additionally, parties will be allowed until April 15, 1999, to submit rebuttal comments.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: February 2, 1999.

Richard W. Moreland,

Deputy Assistant Secretary, Import Administration.
