Over-the-Road Bus Accessibility Program Grants

AGENCY: Federal Transit Administration (FTA), DOT.

ACTION: Notice of availability of funds; solicitation of grant applications.

SUMMARY: The U.S. Department of Transportation (DOT) Federal Transit Administration (FTA) announces the availability of funds for the Over-the-road Bus (OTRB) Accessibility Program, authorized by Section 3038 of the Transportation Equity Act for the 21st Century (TEA-21). The OTRB Accessibility Program makes funds available to private operators of over-the-road buses to finance the incremental capital and training costs of complying with DOT's over-the-road bus accessibility final rule, published in a Federal Register Notice on September 24, 1998. The OTRB Accessibility Program calls for national solicitation of applications, with grantees to be selected on a competitive basis. Federal funds are available for up to 50 percent of the project cost. A total of $24.3 million is available for the program over the life of TEA-21. The guaranteed level of funding available for intercity fixed-route service is $2 million in fiscal year (FY) 1999 and FY 2000, $3 million in FY 2001, and $5.3 million in FY 2002 and FY 2003, for a total of $17.5 million. The guaranteed level of funding for other over-the-road bus services, including charter and tour bus, is $1.7 million per year from FY 2000 to FY 2003, for a total of $6.8 million.

For FY 1999, $2 million was appropriated for intercity fixed-route service providers. This announcement describes application procedures for the OTRB Accessibility Program and the procedures FTA will use to determine which projects it will fund. It includes all of the information needed to apply for an OTRB Accessibility Program grant.

This announcement is available on the Internet on the FTA website at http://www.fta.dot.gov/library/legal/otrbap.htm. This website will also have the project selections on the website and in the Federal Register.

DATES: Complete applications for OTRB Accessibility Program grants must be submitted to the appropriate FTA regional office (see Appendix A) by the close of business April 16, 1999. The appropriate FTA regional office is that office which serves the state in which an applicant's headquarters office is located. FTA will announce grant selections in June 1999, and we expect that grants will be made by September 30, 1999, the end of the Federal fiscal year. Applicants should not incur costs prior to grant approval by FTA. FTA will accept comments on this notice until March 10, 1999. Based on input, FTA may provide amending or clarifying program information.

ADDRESSES: Comments and questions related to this notice can be made at FTA's website, http://www.fta.dot.gov/library/legal/otrbap.htm, or can be mailed or faxed to the following address: Sue Masselink, Federal Transit Administration, Room 9315, 400 7th Street, S.W., Washington, D.C. 20590 (FAX (202) 366-7951).

I. General Program Information

A. Authority
The program is authorized under Section 3038 of the Transportation Equity Act for the 21st Century (TEA-21). Funds have been appropriated for this program under the Omnibus Consolidated and Emergency Supplemental Appropriations Act, Fiscal Year 1999, which includes Appropriations for Department of Transportation and Related Agencies.

B. Background
Over-the-road buses are used predominantly in intercity service as well as charter and tour bus services. These services are an important element of the U.S. transportation system. TEA-21 authorized FTA's new Over-the-road Bus Accessibility Program to assist over-the-road bus operators in complying with the Department's Over-the-road Bus Accessibility rule, "Transportation for Individuals with Disabilities" (49 CFR Part 37) published in a Federal Register notice on September 24, 1998.

Summary of DOT's Over-the-Road Bus Accessibility Rule
Under the over-the-road bus accessibility rule, all new buses acquired by small (gross operating revenues of less than $5.3 million annually) fixed-route providers also are required to be lift-equipped, although they do not have a deadline for total fleet accessibility. Small providers also can provide equivalent service in lieu of obtaining accessible buses. Starting in 2001, charter and tour companies will have to provide service in an accessible bus on 48 hours' advance notice. Fixed-route companies must also provide this kind of service on an interim basis until their fleets are completely accessible.

Small carriers who provide mostly charter or tour service and also provide a small amount of fixed-route service can meet all requirements through 48-hour advance-reservation service.

Small carriers have an extra year to begin complying with the requirements that apply to them starting in October 2001, compared to October 2000 for large carriers.

Specifications describing the design features that an over-the-road bus must have to be readily accessible to and usable by persons who use wheelchairs or other mobility aids required by the "Americans with Disabilities Act Accessibility Guidelines for Transportation Vehicles: Over-the-Road Buses" rule (36 CFR Part 1192) were published in another Federal Register Notice on September 28, 1998.

C. Scope
Improving mobility and shaping America's future by ensuring that the transportation system is accessible, integrated, efficient and offers flexibility of choices is a key strategic goal of the Department of Transportation. Over-the-road Bus Accessibility projects will improve mobility for individuals with disabilities by providing financial assistance to help make vehicles accessible and to make vehicles accessible to persons who use wheelchairs or other mobility aids. This rule will ensure that drivers and others understand how to use accessibility...
features as well as how to treat patrons with disabilities.

D. Eligible Applicants

Grants will be made directly to operators of over-the-road buses. Only intercity, fixed-route over-the-road bus service providers may apply for OTRB Accessibility program funds in fiscal year 1999. Thereafter, other over-the-road bus service providers, including operators of local fixed-route service, commuter service, and charter or tour service may apply for funds appropriated for these providers. Private for-profit operators of over-the-road buses are eligible to be direct applicants for this program. This is a departure from the other FTA programs in which the direct applicant must be a state or local public body.

E. Vehicle and Service Definitions

An “over-the-road bus” is a bus characterized by an elevated passenger deck located over a baggage compartment. Intericty, fixed-route over-the-road bus service is regularly scheduled bus service for the general public, using an over-the-road bus that: operates with limited stops over fixed routes connecting two or more urban areas not in close proximity or connecting one or more rural communities with an urban area not in close proximity; has the capacity for transporting baggage carried by passengers; and makes meaningful connections with scheduled intericty bus service to more distant points.

Other over-the-road bus service means any other transportation using over-the-road buses, including local fixed-route service, commuter service, and charter or tour service (including tour or excursion service that includes features in addition to bus transportation such as means, lodging, admission to points of interest or special attractions).

F. Eligible Projects

Projects to finance the incremental capital and training costs of complying with DOT’s over-the-road bus accessibility rule (49 CFR Part 37) are eligible for funding. Capital projects eligible for funding include adding lifts and other accessibility components to new vehicle purchases, and purchasing lifts to retrofit existing vehicles.

Eligible training costs are those required by the final accessibility rule as described in 49 CFR 37.209. These activities were required under the interim OTRB accessibility rule and include training in proper operation and maintenance of accessibility features and equipment, boarding assistance, securement of mobility aids, sensitive and appropriate interaction with passengers with disabilities, and handling and storage of mobility devices. The costs associated with developing training materials or providing training for local providers of over-the-road bus services for these purposes are eligible expenses.

FTA has sponsored the development of accessibility training materials for public transit operators. FTA-funded Project Action is a national technical assistance program to promote cooperation between the disability community and transportation industry. Project Action provides training, resources and technical assistance to thousands of disability organizations, consumers with disabilities, and transportation operators. It maintains a resource center with the most up-to-date information on transportation accessibility. Project Action may be contacted at: Project Action, 700 Thirteenth Street, N.W., Suite 200, Washington, DC 20590, Phone: 1-800-659-6428, Internet address: http://www.projectaction.org.

G. Grant Criteria

FTA will award grants based on:

a. The identified need for over-the-road bus accessibility for persons with disabilities in the areas served by the applicant;

b. The extent to which the applicant demonstrates innovative strategies and financial commitment to providing access to over-the-road buses to persons with disabilities;

c. The extent to which the over-the-road bus operator requires equipment required by DOT’s over-the-road bus accessibility rule prior to the required timeframe in the rule;

d. The extent to which the applicant/over-the-road bus operator has made financial commitments to purchasing the vehicle itself, not just the wheelchair lifts or securement devices. As lifts are normally purchased as part of a bus procurement, Federal requirements that apply to the purchase of the bus also apply to the purchase of the lift. In particular, Buy America, labor protections, pre-award and post-delivery reviews and testing, school transportation are not applicable to training assistance.

1. Buy America. Federal funds may not be obligated for projects unless steel, iron, and manufactured products used in such projects are produced in the United States. Recipients of the OTRB Accessibility program funds must conform with the FTA regulations, 49 CFR Part 661, and any amendments thereto. There are four exceptions to the basic requirement that may be the basis for a waiver. First, the requirement will not apply if its application is not in the public interest. Second, the requirement will not apply if materials and products being procured are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality. Third, the requirement will not apply in a case involving the procurement of buses and other rolling stock if the cost of components and subcomponents which are produced in the United States is more than 60 percent of the cost of all components and subcomponents of the vehicles or equipment, and if final assembly takes place in the United States. The meaning of final assembly is each year’s apportionment can be used for either capital or training projects. For FY 1999, $2 million has been appropriated for the intercity fixed-route service providers.
further described in the FTA Guidance on Buy America Requirements, dated March 18, 1997, which applies to all buses purchased with FTA funds. Fourth, the requirement will not apply if the inclusion of domestic material will increase the overall project contract by more than 25 percent. Buy America waivers under the non-availability, price differential, and public interest exceptions require FTA approval, but the waiver for rolling stock meeting the domestic content and final assembly requirements does not. FTA has issued a general waiver for selected items, including all purchases under the Federal small purchase threshold, which is $100,000.

2. Labor Protection. Before FTA may award a grant for capital assistance, 49 U.S.C. 5333(b) requires that fair and equitable arrangements must be made to protect the interests of transit employees affected by FTA assistance. Those arrangements must be certified by the Secretary of Labor as meeting the requirements of the statute. When a labor organization represents a group of affected employees in the service area of an FTA project, the employee protective arrangement is usually the product of negotiations or discussions with the union. The grant applicant can facilitate Department of Labor (DOL) certification by identifying in the application any previously certified protective arrangements that have been applied to similar projects undertaken by the grant applicant. Upon receipt of a grant application requiring employee protective arrangements, FTA will transmit the application to DOL and request certification of the employee protective arrangements. In accordance with DOL guidelines, DOL notifies the relevant unions in the area of the project that a grant for assistance is pending and affords the grant applicant and union the opportunity to agree to an arrangement establishing the terms and conditions of the employee protections. If necessary, DOL furnishes technical and mediation assistance to the parties during their negotiations. The Secretary of Labor may determine the protections to be certified if the parties do not reach an agreement after good faith bargaining and mediation efforts have been exhausted. DOL will also set the protective conditions when affected employees in the service area are not represented by a union. When DOL determines that employee protective arrangements comply with labor protection requirements, DOL will provide a certification to FTA. The grant agreement between FTA and the grant applicant incorporates by reference the employee protective arrangements certified by DOL. Questions concerning employee protective arrangements and related matters pertaining to transit employees should be addressed to the Division of Statutory Programs, Department of Labor, 200 Constitution Avenue, NW, Room N–5411, Washington, DC 20210; telephone (202) 693–0126, fax (202) 219–5338.

3. Competitive Procurement. Federal procurement requirements apply to FTA funds awarded to state and local governments and private nonprofit agencies under 49 CFR Parts 18 and 19. To the extent a direct recipient of FTA funds under this program is a private for-profit entity, the Federal procurement requirements do not apply.

4. Debarment, Suspension and Other Responsibility matters. Pursuant to Executive Order 12549; 41 U.S.C. 701; and 49 CFR Part 29, grantees must ensure that FTA funds are not given to anyone who has been debarred, suspended, or declared ineligible or voluntarily excluded from participation in federally assisted transactions. The burden of disclosure is on those debarred or suspended. The U.S. General Services Administration (GSA) issues a document titled “Lists of Parties Excluded from Federal Procurement or Nonprocurement Programs’’ monthly. The list is available on the GSA website (http://www.gsa.gov/index). If at any time the grantee or other covered entity learns that a certification it made or received was erroneous when submitted or if circumstances have changed, disclosure to FTA is required.

5. Drug-Free Workplace. Grantees must maintain a drug-free workplace for all employees and have an anti-drug policy and awareness program. The grant applicant agrees to take affirmative action and comply with all requirements of the Drug-Free Workplace Act of 1988 (Public Law 100–690) and U.S. DOT’s implementing regulations, 49 CFR Part 29, Subpart F. The grantee is required to provide written notice to FTA within 10 days of having received the notice. Within 30 days of receiving the notice of a conviction, the grantee/employer must have taken appropriate action against the employee or have required participation in a drug abuse assistance or rehabilitation program.

6. Nondiscrimination requirements. 49 U.S.C. section 5332 states that “a person (defined broadly) may not be excluded from participating in, denied a benefit of, or discriminated against, under a project, program, or activity receiving financial assistance (from FTA) because of race, color, creed, national origin, sex, or age.”

7. Title VI. Grantees must assure FTA that transit services and benefits obtained with FTA assistance will be provided in a nondiscriminatory manner, without regard to race, color, or national origin.

8. Disadvantaged Business Enterprise. Grantees must assure FTA that disadvantaged business enterprises (DBEs) are provided the maximum opportunity to compete for FTA-assistance contracts and procurements.

9. Equal Employment Opportunity (EEO). The grantee must assure that it will not discriminate against any employee or applicant for employment because of race, color, creed, sex, disability, age or national origin. The grantee agrees to take affirmative action to ensure that applicants are employed and that employees are treated during employment, without regard to their race, color, creed, sex, disability, age, or national origin.

10. Americans with Disabilities Act and Section 504. Compliance with the Americans with Disabilities Act of 1990 (ADA) (Public Law 101–336) and Section 504 of the Rehabilitation Act of 1973, as amended, are eligibility requirements for Federal financial assistance. Section 504 prohibits discrimination on the basis of handicap by recipients of Federal financial assistance. The ADA prohibits discrimination against persons with disabilities in the provision of transportation services.

11. Restrictions on Lobbying. Federal financial assistance may not be used to influence any member of Congress or an officer or employee of any agency in connection with the making of any Federal contract, grant, or cooperative agreement. The state, subrecipients, and third party contractors at any tier...
awarded FTA assistance exceeding $100,000 must sign a certification so stating and also must disclose the expenditure of non-Federal funds for such purposes (49 CFR Part 20). Other Federal laws also govern lobbying activities. For example, Federal funds may not be used for lobbying congressional representatives or senators indirectly, such as by contributing to a lobbying organization or funding a grass-roots campaign to influence legislation (31 U.S.C. Section 1352). General advocacy for over-the-road bus transportation and providing information to legislators about the services a recipient provides are not prohibited, nor is using non-Federal funds for lobbying, so long as the required disclosures are made.

12. Pre-award and Post-delivery reviews. Pursuant to 49 USC 5323(l), procurements for vehicles, other than sedans or unmodified vans, must be audited in accordance with FTA regulation, "Pre-Award and Post-Delivery Audits of Rolling Stock Purchases," 49 CFR Part 663. Additional guidance is available in a manual, "Conducting Pre-Award and Post-Delivery Reviews for Bus Procurement," published May 1, 1995. The regulation requires that any recipient who purchases rolling stock for use in revenue service with funds obligated after October 24, 1991, conduct a pre-award and post-delivery review to assurance compliance with its bid specifications, Buy America requirements, and Federal Motor Vehicle Safety requirements, and to complete certifications. Purchase of more than ten vehicles, other than unmodified vans or sedans, requires in-plant inspection.

13. Bus Testing. Pursuant to 49 USC 5323(c), all new bus models purchased with FTA funds must be tested in accordance with 49 USC 5318 and 49 CFR part 663, before FTA funds can be expended to acquire them. Purchasers of new model buses should ensure that the manufacturer has complied with the testing requirements by requesting a copy of the bus testing report from the Altoona Bus Testing Center, 6th Avenue and 45th Street, Altoona, Pennsylvania 16602. The telephone number is (814) 949–7944.

14. School Transportation. 49 USC 5323(f) prohibits the use of FTA funds for exclusive school bus transportation for school students and school personnel. The implementing regulation (49 CFR part 603) does permit regular service to be modified to accommodate school students along with the general public.

15. Environmental Protection. Neither capital costs associated with making vehicles wheelchair accessible nor training costs involve significant environmental impacts. Projects that do not involve significant environmental impacts are considered "categorical exclusions" in FTA's procedures because they have been categorically excluded from FTA's requirements to prepare environmental documentation. (49 USC part 622, incorporating 23 CFR part 771).

16. Planning. Applicants are encouraged to notify the appropriate state departments of transportation and metropolitan planning organizations (MPO) in areas likely to be served by equipment made accessible through funds made available in this program. Those organizations, in turn, should take appropriate steps to inform the public and individuals requiring fully accessible services in particular, of operators' intentions to expand the accessibility of their services. Incorporation of funded projects in the plans and transportation improvement programs of states and metropolitan areas by States and MPOs also is encouraged, but is not required.

II. Guidelines for Preparing Grant Application

FTA is conducting a national solicitation for applications under the OTRB Accessibility program. Grant awards will be made on a competitive basis. Although most FTA grant applications are now submitted electronically, paper applications for the OTRB Accessibility program will be accepted. An original and two copies of the application must be submitted to the appropriate FTA Regional Office. The OTRB operators should submit the application to the office in the region in which its headquarters office is located. The application should provide information on all items for which you are requesting funding in FY 1999. The application must include the following elements:

1. Transmittal Letter
   This addresses basic identifying information including:
   a. Grant applicant
   b. Contact name and phone number
   c. Amount of grant request

2. Project Eligibility
   Every application must:
   a. Describe the applicant's technical, legal, and financial capacity to implement the proposed projects.
   b. Provide matching funds, including amount and source.
   c. Include OMB Standard Form 424, "Federal Assistance," which is a multi-purpose form that must be completed in its entirety. The forms are available from the FTA regional offices.

3. Project Information
   Provide a summary of project activities for which you are requesting funds. The summary should include:
   a. Each project's timeline, including significant milestones such as date of contract for purchase of vehicle(s), and expected delivery of vehicle(s).
   b. Project budget (see Appendix B).

4. Project Narrative
   Provide the information identified below to support your application. Grants will be awarded competitively based upon the following criteria:
   a. The extent to which DOT over-the-road accessibility rule affects the applicant;
   b. The extent to which the applicant demonstrates innovative strategies and financial commitment to providing access to over-the-road buses to persons with disabilities;
   c. The extent to which the over-the-road bus operators acquire equipment required for DOT over-the-road bus accessibility rule prior to the required timeframe in the rule;
   d. The extent to which financing the costs of complying with DOT's rule presents a financial hardship for the applicant;
   e. The impact of accessibility requirements on the continuation of over-the-road bus service, with particular consideration of the impact of the requirements on service to rural areas and for low-income individuals.

III. Grant Review Process

Applications are to be submitted to the appropriate FTA Regional Office by the close of business on April 16, 1999. FTA will screen all applications to determine whether all required eligibility elements, as described in Section 2 of the application, are present. An FTA task force will evaluate each application according to the criteria described in this announcement.

A. Notification

FTA will notify all applicants for funding in June 1999. Grants are expected to be made by September 30, 1999, the end of Federal fiscal year 1999. FTA is committed to obligating FY 1999 OTRB Accessibility program funds expeditiously. Therefore, FTA urges applicants to develop and submit with their applications complete documentation necessary to meet the
applicable FTA Section 5311 requirements.

Issued on February 2, 1999.

Gordon J. Linton,
Administrator.

Appendix C—Certifications and Assurances for Over-the-Road Bus Accessibility Program Grants

Before FTA may aware a Federal grant agreement, the applicant must provide to FTA all certifications and assurances required by Federal laws and regulations for the applicant or its project. This Appendix provides the text of certifications and assurances required by Federal law, regulations, or directives for the Over-the-road Bus Accessibility Program.

Included at the end of this document is a single signature page on which the applicant and its attorney certify compliance with all certifications and assurances applicable to each project for which the applicant is applying.

An applicant’s Annual Certifications and Assurances applicable to a specific grant generally remain in effect for the life of the grant to closeout, or the life of the project or project property when a useful life or standard industry life is in effect. If in a later year, however, the Applicant provides certifications and assurances that differ from the certifications and assurances previously made, the later certifications and assurances will apply to the grant, project, or project property, except as FTA otherwise permits.

Procedures

Following is a detailed compilation of Certifications and Assurances and the Signature Page. The Signature Page is to be signed by the applicant’s authorized representative and its attorney. It is to be submitted to the appropriate regional office along with the applicant’s grant application.

All applicants are advised to read the entire list of Certifications and Assurances to be confident of their responsibilities and commitments. The applicant may signify compliance with all Categories by placing a single “X” in the appropriate space at the top of the Signature Selection Page.

The Signature Page, once properly signed and submitted to FTA, assures FTA that the applicant intends to comply with the requirements for the Over-the-road Bus Accessibility Program. All applicants must read the selection portion and the signature portion of this document and signify compliance by marking, where appropriate, with an “X” on the category selection side, and then signing compliance as indicated. The applicant should not hesitate to consult with the appropriate FTA Regional Office before submitting its certifications and assurances.

Over-the-road Bus Accessibility Program Certifications and Assurances

In accordance with 49 U.S.C. 5323(n), the following certifications and assurances have been compiled for the Over-the-road Bus Accessibility program. FTA requests each Applicant provide as many of the following certifications and assurances as needed to cover the types of projects for which the Applicant is seeking FTA assistance. The categories of certifications and assurances are listed by Roman numerals I through V on one side of the Signature Page of this document. Categories II through V will apply to some, but not necessarily all, applicants. The designation of the categories corresponds to the circumstances mandating submission of specific certifications, assurances, or agreements.

1. Certifications and Assurances Required of Each Applicant

Each Applicant for Over-the-road Bus Accessibility funding assistance awarded by FTA must provide all certifications and assurances in this Category I. Accordingly, FTA may not award any Federal assistance until the Applicant provides assurance of
compliance by selecting Category I on the Signature Page at the end of this document.
A. Authority of Applicant and Its Representative
The authorized representative of the Applicant and legal counsel who sign these certifications, assurances, and agreements attest that both the Applicant and its authorized representative have adequate authority under state and local law and the by-laws or internal rules of the Applicant organization to:
(1) Execute and file the application for Federal assistance on behalf of the Applicant,
(2) Execute and file the required certifications, assurances, and agreements on behalf of the Applicant binding the Applicant and
(3) Execute grants with FTA on behalf of the Applicant.
B. Standard Assurances
The Applicant assures that it will comply with all applicable Federal laws, regulations, policies, and administrative practices, and that it and its principals:
(a) Have not been debarred, suspended, or voluntarily excluded from covered transactions by any Federal department or agency;
(b) Have not, within a three-year period preceding this certification, been convicted of or had a civil judgment rendered against them for commission of fraud or for a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or contract under a public transaction, violation of Federal or state antitrust statutes, or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
(c) Have not been recently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, state, or local) with commission of any of the offenses listed in subparagraph (1)(b) of this certification; and
(d) Have not within a three-year period preceding this certification had one or more public transactions (Federal, state, or local) terminated for cause or default:
(2) The Applicant also certifies that, if it later becomes aware of any information contradicting the statements of paragraph (1) above, it will promptly provide that information to FTA.
(3) If the Applicant (Primary Participant) is unable to certify to the statements in paragraphs (1) and (2) above, it shall indicate so on its Signature Page and provide a written explanation to FTA.
D. Drug-Free Workplace Agreement
As required by U.S. DOT regulations, “Drug-Free Workplace Requirements (Grants),” 49 CFR Part 29, Subpart F, as modified by 41 U.S.C. 702, the Applicant agrees that it will provide a drug-free workplace by:
(1) Publishing a statement notifying its employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in its workplace and specifying the actions that will be taken against its employees for violation of that prohibition;
(2) Establishing an ongoing drug-free awareness program to inform its employees about:
(a) The dangers of drug abuse in the workplace,
(b) Its policy of maintaining a drug-free workplace,
