ENVIRONMENTAL PROTECTION AGENCY

[FRL–6231–5]
Clean Water Act Class II: Proposed Administrative Penalty Assessment and Opportunity To Comment Regarding the City of Homestead Village, MO

AGENCY: Environmental Protection Agency (“EPA”).

ACTION: Notice of proposed administrative penalty assessment and opportunity to comment regarding the city of Homestead Village, Missouri.

SUMMARY: EPA is providing notice of opportunity to comment on the proposed assessment of an administrative penalty against the city of Homestead Village, Missouri. Under 33 U.S.C. 1319(g), EPA is authorized to issue orders assessing civil penalties for various violations of the Act. EPA may issue such orders after filing a Complaint commencing either a Class I or Class II penalty proceeding. EPA provides public notice of the proposed assessment pursuant to 33 U.S.C. 1319(g).

Class II proceedings are conducted under EPA’s Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation or Suspension of Permits, 40 CFR part 22. The procedures by which the public may submit written comments on a proposed Class II order or participate in a Class II proceeding, and the procedures by which a respondent may request a hearing, are set forth in the Consolidated Rules. The deadline for submitting public comment on a proposed Class II order is thirty (30) days after issuance of public notice.

On September 30, 1998, EPA commenced the following Class II proceeding for the assessment of penalties by filing with the Regional Hearing Clerk, U.S. Environmental Protection Agency, Region VII, 726 Minnesota Avenue, Kansas City, Kansas 66101, (913) 551–7630, the following Complaint: In the Matter of the city of Homestead Village, Missouri; EPA Docket No. VII–98–W–0044.

The Complaint proposes a penalty of One Hundred Thirty Thousand Dollars ($130,000) for the discharge of pollutants to an unnamed tributary of Fishing River in violation of the facility’s National Pollutant Discharge Elimination System (NPDES) permit and sections 301 and 402 of the Clean Water Act.

FOR FURTHER INFORMATION CONTACT: Persons wishing to receive a copy of EPA’s Consolidated Rules, review the Complaint or other documents filed in this proceeding, comment upon the proposed penalty assessment, or otherwise participate in the proceeding should contact the Regional Hearing Clerk identified above.

The administrative record for the proceeding is located in the EPA Regional Office at the address stated above, and the file will be open for public inspection during normal business hours. All information submitted by the city of Homestead Village is available as part of the administrative record subject to provisions of law restricting public disclosure of confidential information. In order to provide opportunity for public comment, EPA will issue no final order assessing a penalty in this proceeding prior to thirty (30) days from the date of this document.

Dennis Grams,
Regional Administrator, Region 7.

OMB Control No.: 3060±0760.
Expiration Date: 12/31/2001.
Title: Access Charge Reform—CC Docket No. 96±262 (First Report and Order), Second Order on Reconsideration and Memorandum Opinion and Order, and Third Report and Order.

Form No.: N/A.
Respondents: Business or other for-profit.

Estimated Annual Burden: 13–14 respondents; 2–300 hours per response (avg.); 1,796,916 total annual burden hours for all collections.

Estimated Annual Reporting and Recordkeeping Cost Burden: $23,400 ($600 filing fee).

Frequency of Response: On occasion; third party disclosure.

Description: In the First Report and Order, CC Docket No. 96±262, Access Charge Reform and the Second Report on Reconsideration and Memorandum Opinion and Order, the FCC adopts, that, consistent with principles of cost-causation and economic efficiency, nontraffic sensitive (NTS) costs associated with local switching should be recovered on an NTS basis, through flat-rated, per month charges. a. Showings under the Market-Based Approach: as competition develops in the market, the FCC will gradually relax and ultimately remove existing Part 69 Federal access rate structure requirements and Part 61 price caps restrictions on rate level changes.
Form No.: N/A.
Respondents: Business or other for-profit.
Estimated Annual Burden: 30,000 respondents; 31.2 hours per response (avg.); 936,000 total annual burden hours for all collections.
Estimated Annual Reporting and Recordkeeping Cost Burden: $0.
Frequency of Response: On occasion.
Description: In CC Docket No. 92–60, the FCC implemented final rules pursuant to the requirements of the Telephone Consumer Protection Act of 1991, Public Law 102–243, Dec. 20, 1991 (TCPA) which added Section 227 to the Communications Act of 1934, as amended, to restrict the use of automatic telephone dialing systems, artificial or prerecorded messages, facsimile machines or other devices to send unsolicited advertisements. The rules require that telephone solicitors maintain and use company-specific lists of residential subscribers who request not to receive further telephone calls (company-specific do-not-call lists), thereby affording consumers the choice of which solicitors also are required to have a written policy for maintaining do-not-call lists, and are responsible for informing and training their personnel the existence and use of such lists. The rules require that those making telephone solicitations identify themselves to called parties, and that basis identifying information also be included in telephone facsimile transactions. The Commission believes that these rules are the best means of preventing unwanted telephone solicitations.

Description: Title IV of the Americans with Disabilities Act, Public Law 101–336, Section 401, 104 Stat. 327, 366–69 (codified at 47 U.S.C. Section 225) requires the Federal Communications Commission to ensure that telecommunications relay services are available to persons with hearing and speech disabilities in the United States. Among other things, the Commission is required by 47 U.S.C. 225(d)(3) to enact and oversee a shared-funding mechanism (TRS Fund) for recovering the costs of providing TRS. The Commission’s regulations concerning the TRS Fund are codified at 47 CFR 64.604(c)(4). Pursuant to these regulations, the National Exchange Carrier Association (NECA) has been appointed Administrator of the TRS Fund. The Commission’s rules require all carriers providing interstate telecommunications services to contribute to the TRS Fund on an annual basis. Contributions are the product of the carrier’s gross interstate revenues for the previous year and a contribution factor determined annually by the Commission. The collected contributions are used to compensate TRS providers for the costs of providing interstate TRS service. The Commission releases an order each year approving the contribution factor, payment rate, and TRS Fund Worksheet for the following year. Accordingly, on December 2, 1998, the Commission’s Common Carrier Bureau, acting under delegated authority, released an order approving the contribution factor for the April 1999 through March 2000 contribution period and the 1999 TRS Fund worksheet (FCC Form 431). All carriers providing interstate telecommunications service must file this worksheet. A public notice will be issued to announce the availability of the 1999 FCC Form 431. (No. of respondents: 5000; hours per response: 2 hours; total annual burden: 10,000 hours). Section 64.604(c)(2) requires that carriers publicize the availability and use of TRS in their service areas. Publications may be made through the carriers’ directories, periodic billing inserts, placement of TRS instructions in telephone directories, through directory assistance services, and through incorporation of TTY numbers in telephone directories. (No. of respondents: 5000; hours per response: 1 hour; total annual burden: 5000 hours). c. TRS providers must provide the administrator with true and accurate data to be used to compute payments. According to Section 64.604(c)(4)(ii)(C), the providers must submit the following: total TRS minutes of use, total interstate TRS minutes of use, total TRS operating expenses and total TRS investment in general accordance with 47 CFR Part 32, and other historical or projected information requested by the administrator for purposes of computing payments and
Revenue requirements. (No. of respondents: 13; hours per response: 3 hours; total annual response: 39 hours).

d. TRS providers, including providers who are not interexchange carriers, local exchange carriers, or certified state relay providers, must submit reports of interstate TRS minutes of use to the administrator in order to receive payments. TRS providers receiving payments shall file a form prescribed by the administrator. (No. of respondents: 13; hours per response: 4; total annual burden: 52 hours). e. Section 64.604(c)(4)(ii)(F) lists TRS providers who are eligible for receiving payments from the TRS Fund. These providers must notify the administrator of their intent to participate in the TRS Fund thirty days prior to submitting reports of TRS interstate minutes of use in order to receive payment settlements for interstate TRS. (No. of respondents: 13; hours per response: .166 hours; total annual burden: 2.16 hours). Section 64.604(c)(4)(ii)(H) specifies the reporting, monitoring and filing requirements placed upon the administrator. (No. of respondents: 1; hours per response: 500; total annual burden: 500 hours). Information submitted in response to the attached rules and requirements is used to administer the TRS Fund. Information is used to calculate a national average rate to recover the total interstate TRS revenue requirements and to determine the appropriate payment due to the TRS providers participating in the shared-funding plan. Obligation to respond: Mandatory.

OMB Control No.: 3060–0391. Expiration Date: 12/31/2001. Title: Reports of Proposed Changes in Depreciation Rates—Section 43.43. Form No.: N/A. Respondents: Business or other for-profit.

Estimated Annual Burden: 11 respondents; 6000 hours per response 66,000 (avg.); total annual burden hours for all collections.

Estimated Annual Reporting and Recordkeeping Cost Burden: $0.

Frequency of Response: On occasion.

Description: Section 220(b) of the Communications Act of 1934 (the Act), as amended, (47 U.S.C. Section 220(b)), states that the Commission may prescribe depreciation charges for the subject carriers. Section 219 of the Act requires annual and other reports from the carriers. Section 43.43 of the Commission’s Rules (47 CFR Section 43.43) establishes the reporting requirements for depreciation prescription purposes. Communication common carriers with annual operating revenues of $112 million or more that have found to be dominant must file information specified in Section 43.43 before making any change in the depreciation rates applicable to their operating plant.

Section 220 also allows the Commission, in its discretion, to prescribe the forms of any and all accounts, records, and memoranda to be kept by carriers subject to the Act, including the accounts, records and memoranda of the movement of traffic, as well as receipts and expenditures of moneys. The Communications Act, as amended, seeks to develop efficient competition by opening all telecommunications markets through a pro-competitive, deregulatory national policy framework. To that end, Section 11 of the Act requires the Commission, in every even-numbered year beginning in 1998, to review its regulations applicable to providers of telecommunications service to determine whether the regulations are no longer necessary in the public interest as a result of meaningful economic competition between providers of such service and whether such regulations should be repealed or modified. In the CC Docket No. 137, adopted 7/22/98; released 10/14/98, the Commission proposes to reduce or streamline further our depreciation prescription process by permitting, among other things, summary filings and eliminating the prescription of depreciation rates for incumbent LECs, provided that the carrier uses depreciation factors that are within the ranges adopted by the Commission, expanding the prescribed range for the digital switching plant account, and eliminating salvage from the depreciation process. These proposed modifications are designed to minimize the reporting burden on carriers and to provide incumbent LECs with a greater flexibility to adjust their depreciation rates while allowing the Commission to maintain adequate oversight. If we remove net salvage from the depreciation process, we should create a new account 6566, Net cost of removal, to record both salvage receipts and removal costs incurred. We also tentatively conclude that we should revise Sections 32.3100. Accumulated depreciation, and 32.2000, Instructions for telecommunications plant accounts, to eliminate the provisions that salvage and cost of removal be recorded in the depreciation reserve account. We also requested comment on whether we should require carriers to keep subsidiary record categories in Account 6566 for salvage and cost of removal. The information filed will be used by the Commission to establish proper depreciation rates to be charged by the carriers, pursuant to Section 220(b) of the Act. The information serves as the basis for depreciation analyses made by the Common Carrier Bureau in establishing the aforementioned rates. Without this information, the validity of the carriers’ depreciation policies could not be ascertained. The proposal contained in CC Docket No. 98–137 have been approved by OMB. Obligation to respond: required to obtain or retain benefits.

Public reporting burden for the collections of information is as noted above. Send comments regarding the burden estimate or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, D.C. 20554.

FEDERAL EMERGENCY MANAGEMENT AGENCY

[FR Doc. 99-2847 Filed 2-5-99; 8:45 am]

SUMMARY: This is a notice of the Presidential declaration of a major disaster for the State of Alabama (FEMA-1261-DR), dated January 15, 1999, and related determinations.

SUPPLEMENTARY INFORMATION: Notice is hereby given that, in a letter dated January 15, 1999, the President declared a major disaster under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.), as follows:

I have determined that the damage in certain areas of the State of Alabama, resulting from severe winter storms, ice, and freezing rain on December 23–29, 1998, is of sufficient severity and magnitude to warrant a major disaster declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, P.L. 93–288, as amended ("the Stafford Act"). I, therefore, declare that such a major disaster exists in the State of Alabama.

In order to provide Federal assistance, you are hereby authorized to allocate from funds available for these purposes, such amounts as you find necessary for Federal disaster assistance and administrative expenses you are authorized to provide Public Assistance and Hazard Mitigation in the designated areas and any other forms of assistance under the Stafford Act you may deem appropriate. Consistent with the requirement that Federal assistance be supplemental, any Federal funds provided under the Stafford Act for Public Assistance or Hazard Mitigation will be limited to 75 percent of the total eligible costs.

Notice is hereby given that pursuant to the authority vested in the Director of the Federal Emergency Management Agency under Executive Order 12148, I hereby appoint Glenn C. Woodard of the Federal Emergency Management Agency to act as the Federal Coordinating Officer for this declared disaster. I do hereby determine the following areas of the State of Alabama to have been affected adversely by this declared major disaster:

Colbert, Cullman, Franklin, Lauderdale, Lawrence, Limestone, Madison, Marion and Morgan Counties for Public Assistance.

All counties within the State of Alabama are eligible to apply for assistance under the Hazard Mitigation Grant Program.
