ENVIRONMENTAL PROTECTION AGENCY

[FRL–6300–1]

Water Programs Gap Analysis Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has initiated a study to identify annual funding needs at the local level for carrying out drinking water and wastewater programs, to compare these needs to current expenditures for these programs, and to identify alternative approaches for addressing the anticipated gap between needs and current expenditures. All local level programs and activities eligible for federal, state and local assistance will be covered in this study. This would include municipal/ community wastewater treatment facilities, sanitary sewers, combined sewer overflows, stormwater sewers and treatment facilities, nonpoint source needs, estuary program needs, and drinking water treatment facilities and distribution lines. The study will address both capital and operating costs.

The Agency will hold a public meeting on March 18, 1999, to present its approach to preparing estimates and the preliminary results, and to take comments and suggestions from interested parties. The meeting is open and all interested persons are invited to attend on a space-available basis. Persons interested in attending the meeting are requested to register by calling Debra Renwick no later than Friday, March 12, 1999.

DATES: The meeting will be held from 8:30 a.m. to 5 p.m. on Thursday, March 18, 1999.

ADDRESSES: The meeting will be held in Cavalier Rooms C and D at the Sheraton National Hotel, Columbia Pike and Washington Boulevard, Arlington, VA 22204.

FOR FURTHER INFORMATION CONTACT: For information concerning this meeting or the Agency’s effort to estimate public infrastructure costs, please contact Sandra L. Perrin at (202) 260–7382, or via e-mail at “perrin.sandra@epamail.epa.gov.” EPA expects to make informational materials available both before and after the meeting. Persons wishing to be included in the distribution list should contact Debra A. Renwick at (202) 260–5859, or via e-mail at “renwick.debra@epamail.epa.gov.” The materials will also be posted on the Internet at: “http://161.80.11.87/water/ formulanlsn/?Open.” Click on “Gap Analyses” and then on “Local Level Costs.”

In particular, EPA expects to make available a draft of the report on funding needs and gaps at the local level, together with a summary of major issues, before the public meeting. These materials will be posted on the Internet site (address above) on or about March 12, 1999. Interested persons are requested to consult the web page for a copy of these materials.

Michael B. Cook,
Director, Office of Wastewater Management.
