On the basis of demonstrated need and available funds, other disproportionately affected racial and ethnic minority populations may be considered for funding.

Under separate announcements, an additional \$500,000 will be awarded to CBOs in the Virgin Islands to provide HIV prevention services, and \$300,000 to Divinity Schools affiliated with Historically Black Colleges and Universities to develop HIV prevention training and curricula.

The purpose of this notice is to request comments on these proposed programs. After consideration of comments submitted, CDC will publish program announcements to solicit applications. **CBO Program**

The purpose of this program is to support the development and implementation of effective community-based HIV prevention programs, including programs provided by faith-based CBOs, that serve African American communities.

*1. Goals (CBO)*

A. Provide financial and technical assistance to indigenous CBOs to provide HIV prevention services to primarily African American populations for which gaps in services are demonstrated. For this program, indigenous organizations are defined as organizations that evolved from and are located within the communities they serve.

B. Support HIV prevention programs that reflect national program goals and are consistent with the HIV prevention priorities outlined in the jurisdiction's comprehensive HIV prevention plan.

C. Promote the collaboration and coordination of HIV prevention efforts among CBOs and other local, State, and federally funded programs.

*2. Eligible Applicants (CBO)*

Eligible applicants are minority CBOs, including faith-based organizations, that meet the following criteria:

A. An IRS-determined 501(c) tax-exempt status

B. A governing board composed of more than 50 percent of the racial or ethnic population to be served. This body must also include, or demonstrate the ability to obtain meaningful input and representation from, members of the target populations, for example, men who have sex with men, youth, women at risk, transgender populations, substance abusers.

C. Located and providing services in any of the following:
