

these facts in rendering his decision in this matter.

The Deputy Administrator concludes that the Government has made a prima facie case for revocation of Respondent's DEA registration. The Deputy Administrator is quite concerned about the nature and extent of the violations that occurred between 1987 and 1991. But of even greater concern is Respondent's failure to acknowledge or accept responsibility for any wrongdoing. That Respondent continues to argue that there is no danger to the public health and safety because the controlled substances were medically necessary indicates that Mr. Pettigrew still does not appreciate Respondent's role in the dispensing of controlled substances. Also of concern to the Deputy Administrator is Mr. Pettigrew's claims of ignorance of the requirements at the time of the events in question.

Therefore, the Deputy Administrator finds that revocation of Respondent's DEA registration is justified as inconsistent with the public interest. However, the Deputy Administrator also recognizes that Respondent is one of two pharmacies in a relatively poor, medically underserved community and it would most likely close if its DEA registration is revoked; that it has changed its procedures regarding oral prescriptions and its computer system; and that there is no evidence of any wrongdoing since the events at issue in this proceeding. As a result, the Deputy Administrator concludes that the public interest would be served by requiring Mr. Pettigrew to undergo training in order to fully appreciate the pharmacy's responsibilities as a DEA registrant and by subjecting Respondent to random unannounced inspections, while still being permitted to handle controlled substances.

Therefore the Deputy Administrator will stay the revocation of Respondent's DEA registration for six months during which time Respondent must present evidence to the Deputy Administrator of Mr. Pettigrew's completion of a training course regarding the proper handling of controlled substances and must submit to random unannounced inspections by DEA personnel without requiring an administrative inspection warrant. If alleged violations are discovered during these inspections, the Deputy Administrator will extend the stay pending proceedings to determine whether violations in fact occurred. If Respondent does not comply with these terms, or if it is determined that subsequent violations have occurred, an order will be issued lifting the stay and Respondent's DEA Certificate of Registration will be revoked. If

Respondent does comply, the Deputy Administrator will issue a subsequent order indicating that the conditions have been met and that the DEA Certificate of Registration is reinstated and renewed without limitations.

Accordingly, the Deputy Administrator of the Drug Enforcement Administration, pursuant to the authority vested in him by 21 U.S.C. 823 and 824 and 28 CFR 0.100(b) and 0.104, hereby orders that DEA Certificate of Registration AP0406911, issued to Pettigrew Rexall Drugs, be, and it hereby is, revoked, and any pending applications for renewal of such registration, be, and they hereby are, denied. It is further ordered that this order will be stayed for a period of six months from its effective date. If during the six month period, Respondent fails to comply with the above described conditions, the stay will be removed and Respondent's DEA Certificate of Registration will be revoked and any pending applications for renewal will be denied. This order is effective March 25, 1999.

Dated: February 16, 1999.
