SUPPLEMENTARY INFORMATION:

I. Electronic Availability

Electronic copies of the REDs and RED Fact Sheets can be downloaded from EPA's World wide web site at "http://www.epa.gov/opprrd1/REDs/."

II. Background

The Agency has issued a Reregistration Eligibility Decision (RED) document for the pesticidal active ingredient 1,3-dichloropropene. Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended in 1988, EPA is conducting an accelerated reregistration program to reevaluate existing pesticides to make sure they meet current scientific and regulatory standards. The data base to support the reregistration of the chemical 1,3-dichloropropene is substantially complete. EPA has determined that all currently registered products containing 1,3-dichloropropene as an active ingredient are eligible for reregistration.

All registrants of products containing 1,3-dichloropropene have been sent the RED and Fact Sheet and must respond to the labeling requirements and the product specific data requirements within 8 months of receipt. These products will not be reregistered until adequate product specific data have been submitted and all necessary product label changes are implemented. Products containing both 1,3-dichloropropene and chloropicrin, will not be reregistered until the applicable uses of the active ingredient chloropicrin are found eligible for reregistration.

The reregistration program is being conducted under congressionally mandated time frames, and EPA recognizes both the need to make timely reregistration decisions and to involve the public. Therefore, EPA is issuing the RED as a final document with a 60-day comment period. Although the 60-day public comment period does not affect the registrant's response due date, it is intended to provide an opportunity for public input and a mechanism for initiating any necessary amendments to the RED. All comments will be carefully considered by the Agency and if any of those comments impact on the RED,

EPA will issue an amendment to the RED and publish a **Federal Register** notice announcing its availability.
