

than June 4, 1999, which is 105 days after the publication of the preliminary determination in the **Federal Register**. Suspension of liquidation will be extended accordingly.

In addition, because the countervailing duty investigation of hot-rolled flat-rolled carbon-quality steel products from Brazil has been aligned with the concurrent antidumping duty investigation under section 705(a)(1) of the Act, the time limit for completion of the final determination in the countervailing duty investigation will be the same date as the final determination of the concurrent antidumping duty investigation.

This notice of postponement is published pursuant to 19 CFR 351.210(g).

Dated: February 19, 1999.

Carbon Steel Wire Rod From Argentina: Extension of Time Limit for Preliminary Results of Five-Year Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Extension of Time Limit for Preliminary Results of Five-Year ("Sunset") Reviews.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for the preliminary results of the sunset reviews on the suspended countervailing duty investigation and the antidumping duty order on carbon steel wire rod from Argentina. Based on adequate responses from domestic and respondent interested parties, the Department is conducting full sunset reviews to determine whether revocation of the suspended countervailing duty investigation would be likely to lead to continuation or recurrence of a countervailable subsidy and whether revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping. As a result of these

extensions, the Department intends to issue its preliminary results not later than May 23, 1999.

EFFECTIVE DATE: February 26, 1999.

FOR FURTHER INFORMATION CONTACT: Scott E. Smith or Melissa G. Skinner, Import Administration, International Trade Administration, U.S. Department of Commerce, Pennsylvania Avenue and 14th Street, NW, Washington, DC 20230; telephone: (202) 482-6397, or (202) 482-1560 respectively.

Extension of Preliminary Results

The Department has determined that the sunset reviews of the suspended countervailing duty investigation and the antidumping duty order on carbon steel wire rod from Argentina are extraordinarily complicated. In accordance with section 751(c)(5)(C)(v) of the Tariff Act of 1930, as amended ("the Act"), the Department may treat a review as extraordinarily complicated if it is a review of a transition order (*i.e.*, an order in effect on January 1, 1995). See section 751(c)(6)(C) of the Act. The Department is extending the time limit for completion of the preliminary results of these reviews until not later than May 23, 1999, in accordance with section 751(c)(5)(B) of the Act. The final results of these reviews will, therefore, be due not later than September 28, 1999.

Dated: February 22, 1999.
