

designation is requested (21 CFR 316.23). Copies of the orphan drug regulations (21 CFR part 316) (57 FR 62076, December 29, 1992) and explanatory background materials for use in preparing an application for orphan designation may be obtained from OPD (address above).

The names of the drugs and biologicals shown in the cumulative list of orphan designations may change upon marketing approval/licensing, reflecting the established, proper name approved by FDA. Because drugs and biologicals not approved/licensed for marketing are investigational, the appropriate established, proper name has not necessarily been assigned.

Dated: February 19, 1999.

William K. Hubbard,

Associate Commissioner for Policy Coordination.

[Docket No. 95D-0349]

Guidance for Industry on SUPAC-IR/MR: Immediate Release and Modified Release Solid Oral Dosage Forms, Manufacturing Equipment Addendum; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing the availability of a guidance for industry entitled "SUPAC-IR/MR: Immediate Release and Modified Release Solid Oral Dosage Forms, Manufacturing Equipment Addendum." This guidance is intended to provide insight and recommendations to pharmaceutical sponsors of new drug applications and abbreviated new drug applications who wish to change equipment during the postapproval period.

DATES: Written comments may be submitted at any time.

ADDRESSES: Copies of this guidance for industry are available on the Internet at "<http://www.fda.gov/cder/guidance/index.htm>". Submit written requests for single copies of "SUPAC-IR/MR: Immediate Release and Modified Release Solid Oral Dosage Forms, Manufacturing Equipment Addendum" to the Drug Information Branch (HFD-210), Center for Drug Evaluation and Research (CDER), Food and Drug

Administration, 5600 Fishers Lane, Rockville, MD 20857. Send one self-addressed adhesive label to assist that office in processing your requests. Submit written comments on the guidance to the Dockets Management Branch (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852.

FOR FURTHER INFORMATION CONTACT: John L. Smith, Center for Drug Evaluation and Research (HFD-590), Food and Drug Administration, 9201 Corporate Blvd., Rockville, MD 20850, 301-827-2175.

SUPPLEMENTARY INFORMATION: FDA is announcing the availability of a guidance for industry entitled "SUPAC-IR/MR: Immediate Release and Modified Release Solid Oral Dosage Forms, Manufacturing Equipment Addendum." This guidance is intended to provide recommendations to pharmaceutical manufacturers using CDER's Guidance for Industry on "Immediate Release Solid Oral Dosage Forms, Scale-Up and Post-Approval Changes: Chemistry, Manufacturing and Controls, In Vitro Dissolution Testing, and In Vivo Bioequivalence Documentation" (SUPAC-IR), which published in November 1995 and CDER's Guidance for Industry "SUPAC-MR: Modified Release Solid Oral Dosage Forms Scale-Up and Post-Approval Changes: Chemistry, Manufacturing and Controls; In Vitro Dissolution Testing and In Vivo Bioequivalence Documentation," which published in September 1997.

This guidance is a revision of and supersedes the guidance entitled "SUPAC-IR: Immediate Release Solid Oral Dosage Forms, Manufacturing Equipment Addendum," which published in October 1997. The guidance includes information on equipment used to manufacture modified release solid oral dosage form products as well as immediate release solid oral dosage form products and may be used to determine what documentation should be submitted to FDA regarding equipment changes made in accordance with the recommendations in the SUPAC-IR guidance and SUPAC-MR guidance.

This guidance represents the agency's current thinking on scale-up and postapproval equipment changes for immediate release and modified release solid oral dosage forms regulated by CDER. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirement of the applicable statute, regulations, or both.

Interested persons may, at any time, submit written comments on the guidance to the Dockets Management Branch (address above). Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. The guidance and received comments are available for public examination in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

Dated: February 19, 1999.

William K. Hubbard,

Associate Commissioner for Policy Coordination.

Food and Drug Administration

[Docket No. 99D-0236]

Draft Guidance for Industry on Skin Irritation and Sensitization Testing of Generic Transdermal Drug Products; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing the availability of a draft guidance for industry entitled "Skin Irritation and Sensitization Testing of Generic Transdermal Drug Products." This draft guidance provides assistance to sponsors of abbreviated new drug applications (ANDA's) by recommending study designs and scoring systems that can be used to test skin irritation and sensitization during development of transdermal products. To fully evaluate the equivalence of a transdermal product to a reference listed drug, skin irritation and sensitization should be assessed because skin conditions may affect the efficacy or safety of the product. This guidance does not address the actual bioequivalence studies that would be needed for a particular transdermal drug product.

DATES: Written comments may be submitted on the draft guidance document by April 27, 1999. General comments on agency guidance documents are welcome at any time.

ADDRESSES: Copies of this draft guidance for industry are available on the Internet at "<http://www.fda.gov/>
