

majority of negative effects are short-term, temporary, and of minimal environmental significance. The positive effects and overall benefits of the project are expected to be long-term. The Proposed Action is not expected to adversely impact setting, geology, hydrology, groundwater, sediment quality, SAV, terrestrial or avian resources, cultural resources or archaeological resources in the region. Nor will the proposed project involve the use, storage or transport of hazardous, toxic or radioactive materials during or after placement. Although some short-term adverse impacts are anticipated for water quality, aquatic resources, air quality, noise, socioeconomics, aesthetics, and recreational resources, adverse cumulative impacts to these resources are not expected. The proposed action is in full compliance with NEPA regulation 40 CFR 1500-1508, Corps of Engineers Regulation 200-2-2, the Endangered Species Act, the Clean Water Act, and all other applicable laws and regulations.

4. Any person who has an interest in the project is asked to provide comments within 45 days of the date of publication of this notice to the address in the following paragraph. Written comments should be submitted by Monday, April 12, 1999. Comments must clearly set forth the interest that may be affected by this proposed action and the manner in which the interest may be affected.
