

(4) Sending information by special methods requested by the applicant, such as express mail or electronic transfer—the actual cost of the special service.

Based on analysis of the costs of processing self-queries, the Department is establishing a ten dollar fee per self-query. In contrast to queries submitted by authorized entities (which are submitted electronically), the NPDB

incurs substantial labor costs for manual data input, sorting, and responding to calls for Helpline assistance in order to process self-queries. Additionally, the NPDB incurs substantial postage and packaging costs for mailing self-query results to practitioners.

In order to minimize the fee, the Department will accept payment for self-queries only by credit card. The

NPDB accepts Visa, MasterCard, and Discover. This fee is effective March 31, 1999. All other user fees remain the same. For examples, see the table below.

The Department will continue to review the user fee periodically, and will revise it as necessary. Any changes in the fee and their effective date will be announced in the **Federal Register**.

Query method	Fee per name in query, by method of payment	Examples
Electronic query (Telecommunications network) with electronic payment.	\$4.00 (if paid electronically via credit card or other electronic means and response received electronically).	10 names in query. 10x\$4=\$40.00.
Electronic query (Telecommunications network) with non-electronic payment.	\$8.00 (if not paid via credit card or other electronic means) (\$4.00 fee plus \$4.00 surcharge).	10 names in query. 10x\$8=\$80.00.
Self-query	\$10.00 (must be paid via credit card)	1 self-query=\$10.00.
