SUPPLEMENTARY INFORMATION: On January 19, 1999, FSIS published the notice "Beef Products Contaminated with *Escherichia coli* 0157:H7" in the **Federal Register** (64 FR 2803). The notice also afforded the public an opportunity to submit comments and recommendations regarding the Agency's policy and any regulatory requirements that might be appropriate to prevent the distribution of beef products adulterated with *E. coli* 0157:H7.

In addition to the opportunities for comment provided in the notice, FSIS has decided to hold a public meeting on March 8, 1999. The meeting will provide the public an opportunity to comment and discuss the policy announced in the January 19, 1999, notice and the public health risks associated with beef products contaminated with *E. coli* 0157:H7. Also, participants will be able to comment on FSIS's intention to expand its risk assessment of *E. coli* 0157:H7, which was announced in the **Federal Register** on August 18, 1998, (63 FR 44232) to include all non-intact beef products.

The Agency intends to make available a set of questions and answers that reflect its current thinking about its *E. coli* 0157:H7 policy. The Agency will announce the availability of this document in its Constituent Alert.

Done at Washington, DC, on February 25, 1999.
