

Organ/Franklin Mountains ACEC to exclude 320 acres of BLM-administered public land and making that parcel available for possible disposal by direct sale at fair market value. The document discusses impacts of removal of the land from ACEC designation and management and impacts from future use under private ownership.

DATES: Written comments related to removal of the land from ACEC designation and management and the preliminary FONSI will be accepted on or before May 5, 1999.

ADDRESSES: Comments should be sent to Tim Sanders, Acting Assistant Field Manager, Multi-Resources, BLM Las Cruces Field Office, 1800 Marquess, Las Cruces, New Mexico 88005.

FOR FURTHER INFORMATION CONTACT: Tim Sanders, Acting Assistant Field Manager, at (505) 525-4393.

SUPPLEMENTARY INFORMATION: ACECs are land designations unique to BLM. The purpose of ACECs is to recognize, protect, and manage unique or sensitive resources or potential hazards. Each area is managed according to its unique resources and needs, in consultation and coordination with the public. The Organ/Franklin Mountains ACEC was designated in the Mimbres RMP in 1993. The 320 acres in the S $\frac{1}{2}$, Section 13, T. 25 S., R. 3 E., was included within the boundary of the ACEC. Specific resources to be protected by the designation include significant scenic values, endangered wildlife and plant species, National register eligible prehistoric and historic resources, and natural hazards such as cliffs and mine shafts. One of the numerous planned actions identified in the RMP to protect these resources is to retain all public land within the ACEC.

In 1975, Our Lady's Youth Center of El Paso, Texas received a Recreation and Public Purposes (R&PP) lease with option to purchase for the 320 acres. The lease was issued for a period of 25 years and was to be used as part of the Youth Center's Lord's Ranch, which is headquartered on adjacent land owned by Our Lady's Youth Center. The Lord's Ranch is a youth camp and retreat primarily for underprivileged children from El Paso, Texas.

In June 1997, the lease was cancelled for lack of development and maintenance. The Youth Center is seeking to acquire the property to continue to use it as part of the Lord's Ranch. The Youth Center contends that this land is an integral part of the ranch and is necessary for its continued operation.

This RMP Amendment would adjust the boundary to remove the 320 acres

from the Organ/Franklin Mountains ACEC and make it available for disposal if that is the alternative chosen. None of the values for which the ACEC was designated to protect would be affected by the removal of the parcel from the ACEC.

Public participation has occurred throughout the RMP Amendment process. A Notice of Intent was filed in the **Federal Register** on December 8, 1998 inviting public comments on the proposal. Comments received during this 60-day comment period will be considered in preparing the Proposed Mimbres RMP Amendment and supporting EA. Single copies of the draft Mimbres RMP Amendment/preliminary FONSI and supporting EA for the Land Ownership and Boundary Adjustment in the Organ/Franklin Mountains ACEC may be obtained from the BLM Las Cruces Field Office, 1800 Marquess, Las Cruces, NM 88005.

Dated: February 24, 1999.

Linda S.C. Rundell,

Field Manager, Las Cruces.
