

intent when collaborations are part of the proposed research.

Although the required original and seven copies of the application must be submitted, researchers are asked to submit an electronic version of the abstract of the proposed research in ASCII format along with a valid E-mail address to Ms. Karen Carlson by E-mail at karen.carlson@science.doe.gov. Curriculum vitae should be submitted in a form similar to that of the National Institutes of Health (NIH) or the National Science Foundation (NSF) (two to three pages), for example see: <http://www.nsf.gov/bfa/cpo/gpg/fkit.htm#forms-9>.

The Office of Science as part of its grant regulations requires at 10 CFR 605.11(b) that a recipient receiving a grant and performing research involving recombinant DNA molecules and/or organisms and viruses containing recombinant DNA molecules shall comply with NIH "Guidelines for Research Involving Recombinant DNA Molecules", which is available via the world wide web at: <http://www.niehs.nih.gov/odhsb/biosafe/nih/rdna-apr98.pdf>, (59 FR 34496, July 5, 1994), or such later revision of those guidelines as may be published in the **Federal Register**. Grantees and contractors must also comply with other federal and state laws and regulations as appropriate, for example, the Toxic Substances Control Act (TSCA) as it applies to genetically modified organisms. If, during the course of the research, a need for regulatory approval arises, these costs are expected to be borne by the investigator and should be included in the proposed budget. Although compliance with NEPA is the responsibility of DOE, grantees proposing to conduct field research are expected to provide information necessary for the DOE to complete the NEPA review and documentation.

[Docket No. CP99-218-000]

ANR Pipeline Company; Notice of Application To Amend Certificates

February 25, 1999.

Take notice that on February 17, 1999, ANR Pipeline Company (ANR) filed an abbreviated application in Docket No. CP-99-218-000 pursuant to section 7(c) of the Natural Gas Act and Part 157 of the Commission's regulations for amendment of its certificate of public convenience and necessity authorizing a revised storage field boundary, including fringe protective acreage, for three of its existing storage fields. ANR's proposal is more fully described in its application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Specifically, ANR request that the information amend the certificates for the Goodwell, Lincoln-Freeman and Reed City Storage Fields located in Newaygo, Clare and Lake and Oceola Counties, Michigan, to allow ANR to acquire storage and mineral rights within the revised boundary of each of the storage fields in order to protect the integrity of its certificated facilities and the interstate gas storage therein. The approximate acreage which ANR is seeking to acquire within the proposed boundary of the Goodwell field includes storage rights to 80 acres and mineral rights to 160 acres. For the Lincoln-Freeman field, ANR is seeking to acquire storage rights to 620 acres and mineral rights to 1,103 acres. Lastly, at the Reed City field, ANR is seeking to acquire storage rights to 700 acres, and mineral rights to 400 acres. ANR states that approval of the de facto boundary of each of the storage fields will not increase the storage capacity or the deliverability of the fields.

Any person desiring to be heard or to make any protest with reference to said application should on or before March 18, 1999, file with the Federal Energy

Regulatory Commission, 888 Fist Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protests to the party or parties against whom the protests are directed. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order. However, an intervenor must submit copies of comments or any other filings it makes with the Commission to every other intervenor in the proceeding, as well as an original and 14 copies with the Commission.

A person does not have to intervene, however, in order to have environmental comments considered. A person, instead, may submit two copies of comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by the parties or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters of those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commissions' Rules of Practice and Procedures, a hearing will be held without further notice before the

Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed or if the Commission on its motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for ANR to appear or be represented at the hearing.

Natural Gas Pipeline Company of America; Notice of Compliance Filing

February 25, 1999.

Take notice that on February 22, 1999, Natural Gas Pipeline Company of America (Natural) tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1, Substitute Original Sheet No. 224J.02, to be effective January 1, 1999.

Natural states that the filing is submitted pursuant to the Commission's letter order issued on February 10, 1999 in Docket No. RP99-176-001, which directed Natural to file a revised tariff sheet to delete the requirement that negotiated rate formula bids must use the same formula as the pre-arranged agreement.

Natural requested any waivers which may be required to permit Substitute Original Sheet No. 224J.02 to become effective January 1, 1999, consistent with the Commission's order issued December 30, 1998 in Docket No. RP99-176.000.

Natural states that copies of the filing have been mailed to its customers, interested state regulatory agencies and all parties set out on the Commission's official service list in Docket No. RP99-176.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. [Docket No. RP98-75-001]

Panhandle Eastern Pipe Line Company; Notice of Filing

February 25, 1999.

Take notice that on February 22, 1999, Panhandle Eastern Pipe Line Company (Panhandle) tendered for filing its reconciliation report in accordance with Section 18.14 of the General Terms and Conditions of its FERC Gas Tariff, First Revised Volume No. 1 and the Commission's December 24, 1997 letter order in Docket No. RP98-75-000. The Commission's letter order required the filing of a reconciliation report as soon as practicable following the termination of the Miscellaneous Stranded Cost Volumetric Surcharge.

Panhandle states that in Docket No. RP98-75-000 the Miscellaneous Stranded Cost Volumetric Surcharge applicable to Rates Schedules IT and EIT was established for the twelve month reconciliation recovery period commencing January 1, 1998. On December 1, 1998, Panhandle filed in Docket No. RP99-175-000 to remove the Miscellaneous Stranded Cost Volumetric Surcharge from its rates effective January 1, 1999. Panhandle's filing was approved by a Commission letter order issued December 30, 1998.

Panhandle states that copies of this filing are being served on all parties to the proceeding in Docket No. RP98-75-000.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before March 4, 1999.
