

Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Acting Leader, Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment at the address specified above. Copies of the requests are available from Patrick J. Sherrill at the address specified above.

The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: February 26, 1999.

William E. Burrow,
Acting Leader, Information Management Group, Office of the Chief Information Officer.

Office of Postsecondary Education

Type of Review: New.

Title: Graduate Assistance in Areas of National Need (GAANN) Program Assessment Instrument.

Frequency: Annually.

Affected Public: Not-for-profit institutions.

Reporting and Recordkeeping Burden:

Responses: 225

Burden Hours: 2,250

Abstract: This data collection is the basis of the GAANN Program Assessment, which will report on the status and accomplishments of the GAANN program as a whole. Results

will be reported to the GAANN community and program staff and to the Secretary in order to respond to Government Performance and Results Act (GPRA) requirements.

The GPRA requires the Department to measure the outcomes of its programs, compare them to what was planned, and report on the results attained.

[Docket No. MG99-5-001]

Destin Pipeline Co., L.L.C.; Notice of Filing

February 26, 1999.

Take notice that on February 16, 1999, Destin Pipeline Company, L.L.C. (Destin) filed revised standards of conduct in response to the Commission's February 1, 1999 Order on standards of Conduct. 86 FERC ¶ 61,092 (1999).

Destin states that it served copies of the standards of conduct on each of its shippers and interested state commissioners.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C., 20426, in accordance with Rules 211 or 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 385.214). All such motions to intervene or protest should be filed on or before March 15, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Linwood A. Watson, Jr.,

Acting Secretary.

Dynegy Midstream Pipeline Inc.; Notice of Filing

February 26, 1999.

Take notice that on February 10, 1999, Dynegy Midstream Pipeline, Inc. (Dynegy) (formerly Warren Transportation, Inc.) filed a request for waiver of Part 284, Subpart J of the Commission's regulations, 18 CFR Part 284, Subpart J (1998), regarding the standards of conduct applicable to unbundled pipeline sales service under section 284.286 of the Commission's Regulations, 18 CFR 284.286.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C., 20426, in accordance with Rules 211 or 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 385.214). All such motions to intervene or protest should be filed on or before March 15, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP99-227-000]

Florida Gas Transmission Company; Notice of Request Under Blanket Authorization

February 26, 1999.

Take notice that on February 24, 1999, Florida Gas Transmission Company (FGT), 1400 Smith Street, Houston, Texas 77002, filed a request with the Commission in Docket No. CP99-227-000, pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (NGA) for authorization to upgrade an existing delivery point located in Volusia County, Florida, authorized in

blanket certificate issued in Docket No. CP82-553-000, all as more fully set forth in the request on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

FGT proposes to upgrade the DeBary Delivery Point, which is being used by FGT to make deliveries of natural gas to Florida Power Corporation (FPC). FGT reports that the upgrade can be made by modifying the existing inlet header and adding a second 12-inch raiser, a valve, and other minor appurtenant facilities. FGT states that FPC would reimburse FGT for the total cost of the proposed construction which is estimated to be \$71,798. The proposed upgrade would not affect FGT's contractual gas deliveries to FPC under an existing interruptible transportation agreement dated December 6, 1995, which is currently 200,000 MMBtu per day and 73,000,000 MMBtu per year, nor would it impact FGT's peak day delivery requirements for FGT's annual gas deliveries.

Any person or the Commission's staff may, within 45 days after the Commission has issued this notice, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the NGA (18 CFR 157.205) a protest to the request. If no protest is filed within the allowed time, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

Linwood A. Watson, Jr.,

Acting Secretary.

Florida Gas Transmission Company; Notice of Technical Conference

February 26, 1999.

In the Commission's letter order issued on February 10, 1999, the Commission directed that a technical conference be held to address issues raised by the filing.

Take notice that the technical conference will be held on Thursday, March 11, 1999, at 10:00 a.m., in a room to be designated at the offices of the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426.

All interested parties and Staff are permitted to attend.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP99-223-000]

Natural Gas Pipeline Company of America; Notice of Application

February 26, 1999.

Take notice that on February 22, 1999, Natural Gas Pipeline Company of America (Natural), 747 East 22nd Street, Lombard, Illinois 60148, filed in Docket No. CP99-223-000 an application pursuant to Section 7(c) of the Natural Gas Act for authorization to acquire certain pipeline facilities in Texas and Oklahoma from Caprock Pipeline Company (Caprock), all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Natural proposes to acquire by purchase from Caprock a 1.88 mile segment of Caprock's 20-inch pipeline known as the Beckham-Wheeler Pipeline, of which a 1.23 mile length is located in Beckham County, Oklahoma, and a 0.65 mile length is located in Wheeler County, Texas. Caprock has filed an application in Docket No. DP98-735-000 to abandon these pipeline facilities to Natural. It is asserted that Natural will operate the facilities as part of its interstate system and will assume all service obligations and operational and economic responsibilities for the subject facilities. It is stated that there is one firm transportation service using these facilities and that Natural will provide open access transportation service to shippers requesting service pursuant to Natural's FERC Gas Tariff.

It is explained that Natural has agreed to purchase the facilities from Caprock for \$513,574, to be adjusted to the actual net book value as of the date of the transfer of the facilities.

Any person desiring to be heard or to make any protest with reference to said application should on or before March 19, 1999, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedures, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Natural to appear or be represented at the hearing.

Linwood A. Watson, Jr.,

Acting Secretary.
