Economic Research Service

Title: Food Security Supplement to the Current Population Survey.

OMB Control Number: 0536-0043.

Summary of Collection: The Food Security Supplement is sponsored by the Economic Research Service (ERS) as a research and evaluation activity authorized under Section 17 of the Food Stamp Act of 1977. ERS is collaborating with the Food and Nutrition Service (FNS) and the Bureau of Census to continue this program of research and development. The Food Stamp Program (FSP) is currently the primary source of nutrition assistance for low-income Americans enabling households to improve their diet by increasing their food purchasing power. As the nation's primary public program for ensuring food security and alleviating hunger, USDA needs to regularly monitor these conditions among its target population. The Food Security Supplement will be administered as a set of questions appended to the ongoing Current Population Survey (CPS) managed by the Bureau of Census. The information collected associated with this request is in support of the April 1999 CPS.

Need and Use of the Information: ERS will collect information from the Current Population Survey Food Security Supplement to routinely obtain reliable data from a large, representative national sample in order to develop a measure that can be used to track the prevalence of food insecurity and hunger within the U.S. population, as a whole, and by important population subgroups. The data collection will partially fulfill the requirements of the Congressionally mandated 10-Year Plan for the National Nutrition Monitoring and Related Research Program (NNMRRP). It will also contribute to provisions of the Government Performance Review Act (GPRA) by allowing FNS to quantify the effects and accomplishments of the Food Stamp Program.

Description of Respondents: Individuals or households.

Number of Respondents: 50,000.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 6,882.

Forest Service

Title: "Your Comments" Customer Service Comment Card.

OMB Control Number: 0596-New.

Summary of Collection: Executive Order 12862, issued September 11, 1993, directed Federal agencies to change the way they do business, to reform their management practices, to provide service to the public that matches or exceeds the best service available in the private sector, and to establish and implement customer service standards to carry out the principles of the National Performance Review. In response to this order, the Forest Service (FS) established and implemented customer service standards and posted these standards in all FS offices, work sites and visitor centers. "Your Comments" Customer Service Comment Cards are voluntary customer surveys, which will be used to monitor customer perceptions of how well the FS meets its posted customer service standards, as well as how FS customers view the agency's business practices, operations, and facilities. FS will collect information in person, by mail and on the Internet, using the Customer Service Survey Cards.

Need and Use of the Information: FS will collect information on whether customers received prompt courteous service; were the information or service requested provided; were procedures clear and efficient; and how satisfied were they with the facilities used. The information from the survey will provide FS with a means to learn about and address customer complaints.

Description of Respondents: Individual or households; Business or other for-profit; Not for-profit institutions; Federal Government; State, Local, or Tribal Government.

Number of Respondents: 20,500.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 1,708.
