

Upon issuance of the final results of review, the Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. If these preliminary results are adopted in our final results, we will instruct the U.S. Customs Service not to assess antidumping duties on the merchandise subject to review. Upon completion of this review, the Department will issue appraisal instructions directly to the Customs Service.

Furthermore, the following deposit rates will be effective upon publication of the final results of this administrative review for all shipments of steel wire rope products from Mexico entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(c) of the Act: (1) the cash deposit rate for the reviewed company will be the rate established in the final results of this review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in the original investigation of sales at less than fair value (LTFV) or a previous review, the cash deposit will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this or a previous review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) for all other producers and/or exporters of this merchandise, the cash deposit rate shall be 111.68 percent, the "all others" rate established in the LTFV investigation (58 FR 7531, February 8, 1993).

These deposit rates, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are issued and published in accordance with sections 751(a)(1) of the Act (19 U.S.C. 1675(a)) and 19 CFR 351.213.

Dated: February 26, 1999.

Chloropicrin From the People's Republic of China: Extension of Time Limit for Final Results of Five-Year Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for final results of five-year ("sunset") review.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for the final results of the sunset review on the antidumping duty order on chloropicrin from the People's Republic of China. Based on adequate response from domestic interested parties and inadequate response (in this case no response) from respondent interested parties, the Department is conducting an expedited sunset review to determine whether revocation of the order would be likely to lead to continuation or recurrence of dumping. As a result of this extension, the Department intends to issue its final results not later than June 1, 1999.

EFFECTIVE DATE: March 8, 1999.

FOR FURTHER INFORMATION CONTACT: Scott E. Smith or Melissa G. Skinner, Import Administration, U.S. Department of Commerce, Pennsylvania Avenue and 14th Street, N.W., Washington, D.C. 20230; telephone: (202) 482-6397, or (202) 482-1560 respectively.

Extension of Final Results

The Department has determined that the sunset review of the antidumping duty order on chloropicrin from the People's Republic of China are extraordinarily complicated. In accordance with section 751(c)(5)(C)(v) of the Tariff Act of 1930, as amended ("the Act"), the Department may treat a review as extraordinarily complicated if it is a review of a transition order (*i.e.*, an order in effect on January 1, 1995). See section 751(c)(6)(C) of the Act. The Department is extending the time limit for completion of the final results of this review until not later than June 1, 1999,

in accordance with section 751(c)(5)(B) of the Act.

Dated: March 2, 1999.

Furfuryl Alcohol From the Republic of South Africa; Preliminary Results of Antidumping Duty Administrative Review and Intent To Revoke Order in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of preliminary results of antidumping duty administrative review and intent to revoke order in part.

SUMMARY: In response to a request by the respondent, Illovo Sugar Ltd., the Department of Commerce is conducting an administrative review of the antidumping duty order on furfuryl alcohol from the Republic of South Africa. The review covers one manufacturer/exporter of the subject merchandise to the United States. The period of review is June 1, 1997, through May 31, 1998.

We preliminarily find that sales have not been made below normal value. If these preliminary results are adopted in our final results of administrative review, we will instruct the Customs Service to assess no antidumping duties on the subject merchandise exported by Illovo Sugar Ltd. Furthermore, if these preliminary results are adopted in our final results of this administrative review, we intend to revoke the antidumping duty order with respect to Illovo Sugar Ltd., based on three consecutive review periods of sales at not less than normal value. See *Intent to Revoke* section of this notice.

Interested parties are invited to comment on these preliminary results. Parties who submit case briefs in this proceeding are requested to provide, for each comment: (1) a statement of the issue; and (2) a brief summary of the argument.

SUPPLEMENTARY INFORMATION:

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to the regulations codified at 19 CFR Part 351 (1998).

Background

On June 21, 1995, the Department published in the **Federal Register** (60 FR 32302) the antidumping duty order on furfuryl alcohol from the Republic of South Africa. On June 10, 1998, the Department published a notice of "Opportunity to Request an Administrative Review" (63 FR 31717) of this antidumping duty order for the period June 1, 1997, through May 31, 1998. On June 22, 1998, we received a timely request for review from Illovo Sugar Ltd. (ISL) and Harborchem, ISL's related selling agent in the United States. In addition, ISL requested that the Department revoke the antidumping duty order with respect to ISL. On July 28, 1998, we published the notice of initiation of this review (63 FR 40258).

We issued a questionnaire to ISL on July 24, 1998, followed by a supplemental questionnaire on October 27, 1998. Because ISL requested revocation of the order, the Department verified the company's response pursuant to section 782(i)(2) of the Act.

Scope of Review

The merchandise covered by this order is furfuryl alcohol (C₄H₃OCH₂OH). Furfuryl alcohol is a primary alcohol and is colorless or pale yellow in appearance. It is used in the manufacture of resins and as a wetting agent and solvent for coating resins, nitrocellulose, cellulose acetate, and other soluble dyes. The product subject to this order is classifiable under subheading 2932.13.00 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope of this proceeding is dispositive.

Verification

As provided in section 782(i)(2) of the Act, we verified information provided by ISL and Harborchem. We used
