March 4, 1999.

Take notice that on March 1, 1999, Granite State Gas Transmission, Inc. (Granite State) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the revised tariff sheets listed below for effectiveness on January 1, 1999:

Substitute Sixteenth Revised Sheet No. 21
Substitute Seventeenth Revised Sheet No. 22

According to Granite State, the foregoing tariff sheets propose a revised Power Cost Adjustment (PCA) surcharge applicable to its firm transportation services during the first quarter of 1999 to reimburse Granite State for certain electric power costs that it is obligated

to pay Portland Pipe Line Corporation pursuant to the terms of a lease of a pipeline from Portland Pipe Line.

Granite State further states that the total surcharge of \$0.5787 consists of the sum of two components: the Quarterly Forecast PCA factor of \$0.7948 which is based on projected incremental electric power costs to be billed to Granite State during the first quarter of 1999 and the Reconcilable PCA factor of \$<0.2161> which reconciles the accumulated over/under past surcharge collections in the Deferred Account on a quarterly basis. The method for developing the surcharge in the foregoing manner was approved by the Commission in orders issued in Docket Nos. RP98-155-003 and TM98-4-4-001, according to Granite State.

Granite State further states that copies of this filing have been served on its firm transportation customers and on the regulatory agencies of the states of Maine, Massachusetts and New Hampshire.
